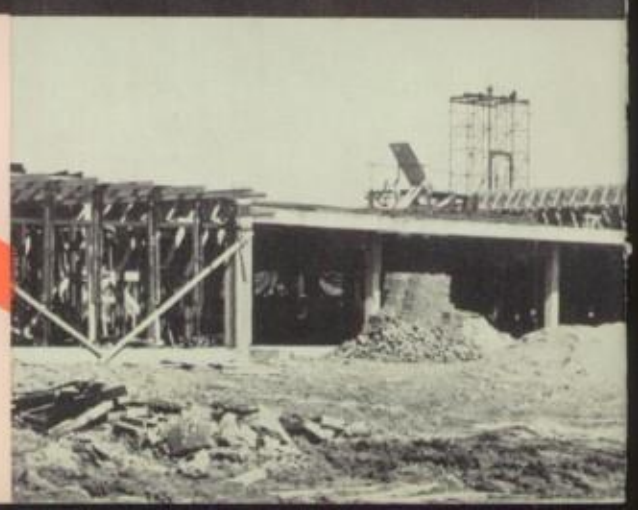
An invocation is read by Principal Carl Meyer while Superintendent Henry Boettcher proceeds in the ground-breaking ceremony.



FROM YESTERDAY

Reviewing the accomplishments of the past ten years, the '63 Log staff compares the past with the present by examining the ten LHN yearbooks.

Ten years ago dedicated and far-sighted leaders saw the increasing need for larger modern facilities and laid basic plans for Luther North. Determined men and women worked tirelessly to raise funds. Congregations contributed support. Guiding principles were formulated. These events made possible the blessings enjoyed in the last decade. They have influenced our lives greatly, and we will choose our goals carefully and wisely because of these **Directions From Yesterday.**

The cornerstone laying launches a new era of Lutheran Education in Chicago.

As Luther North nears completion, the dream of many people is fulfilled.

FOR TODAY

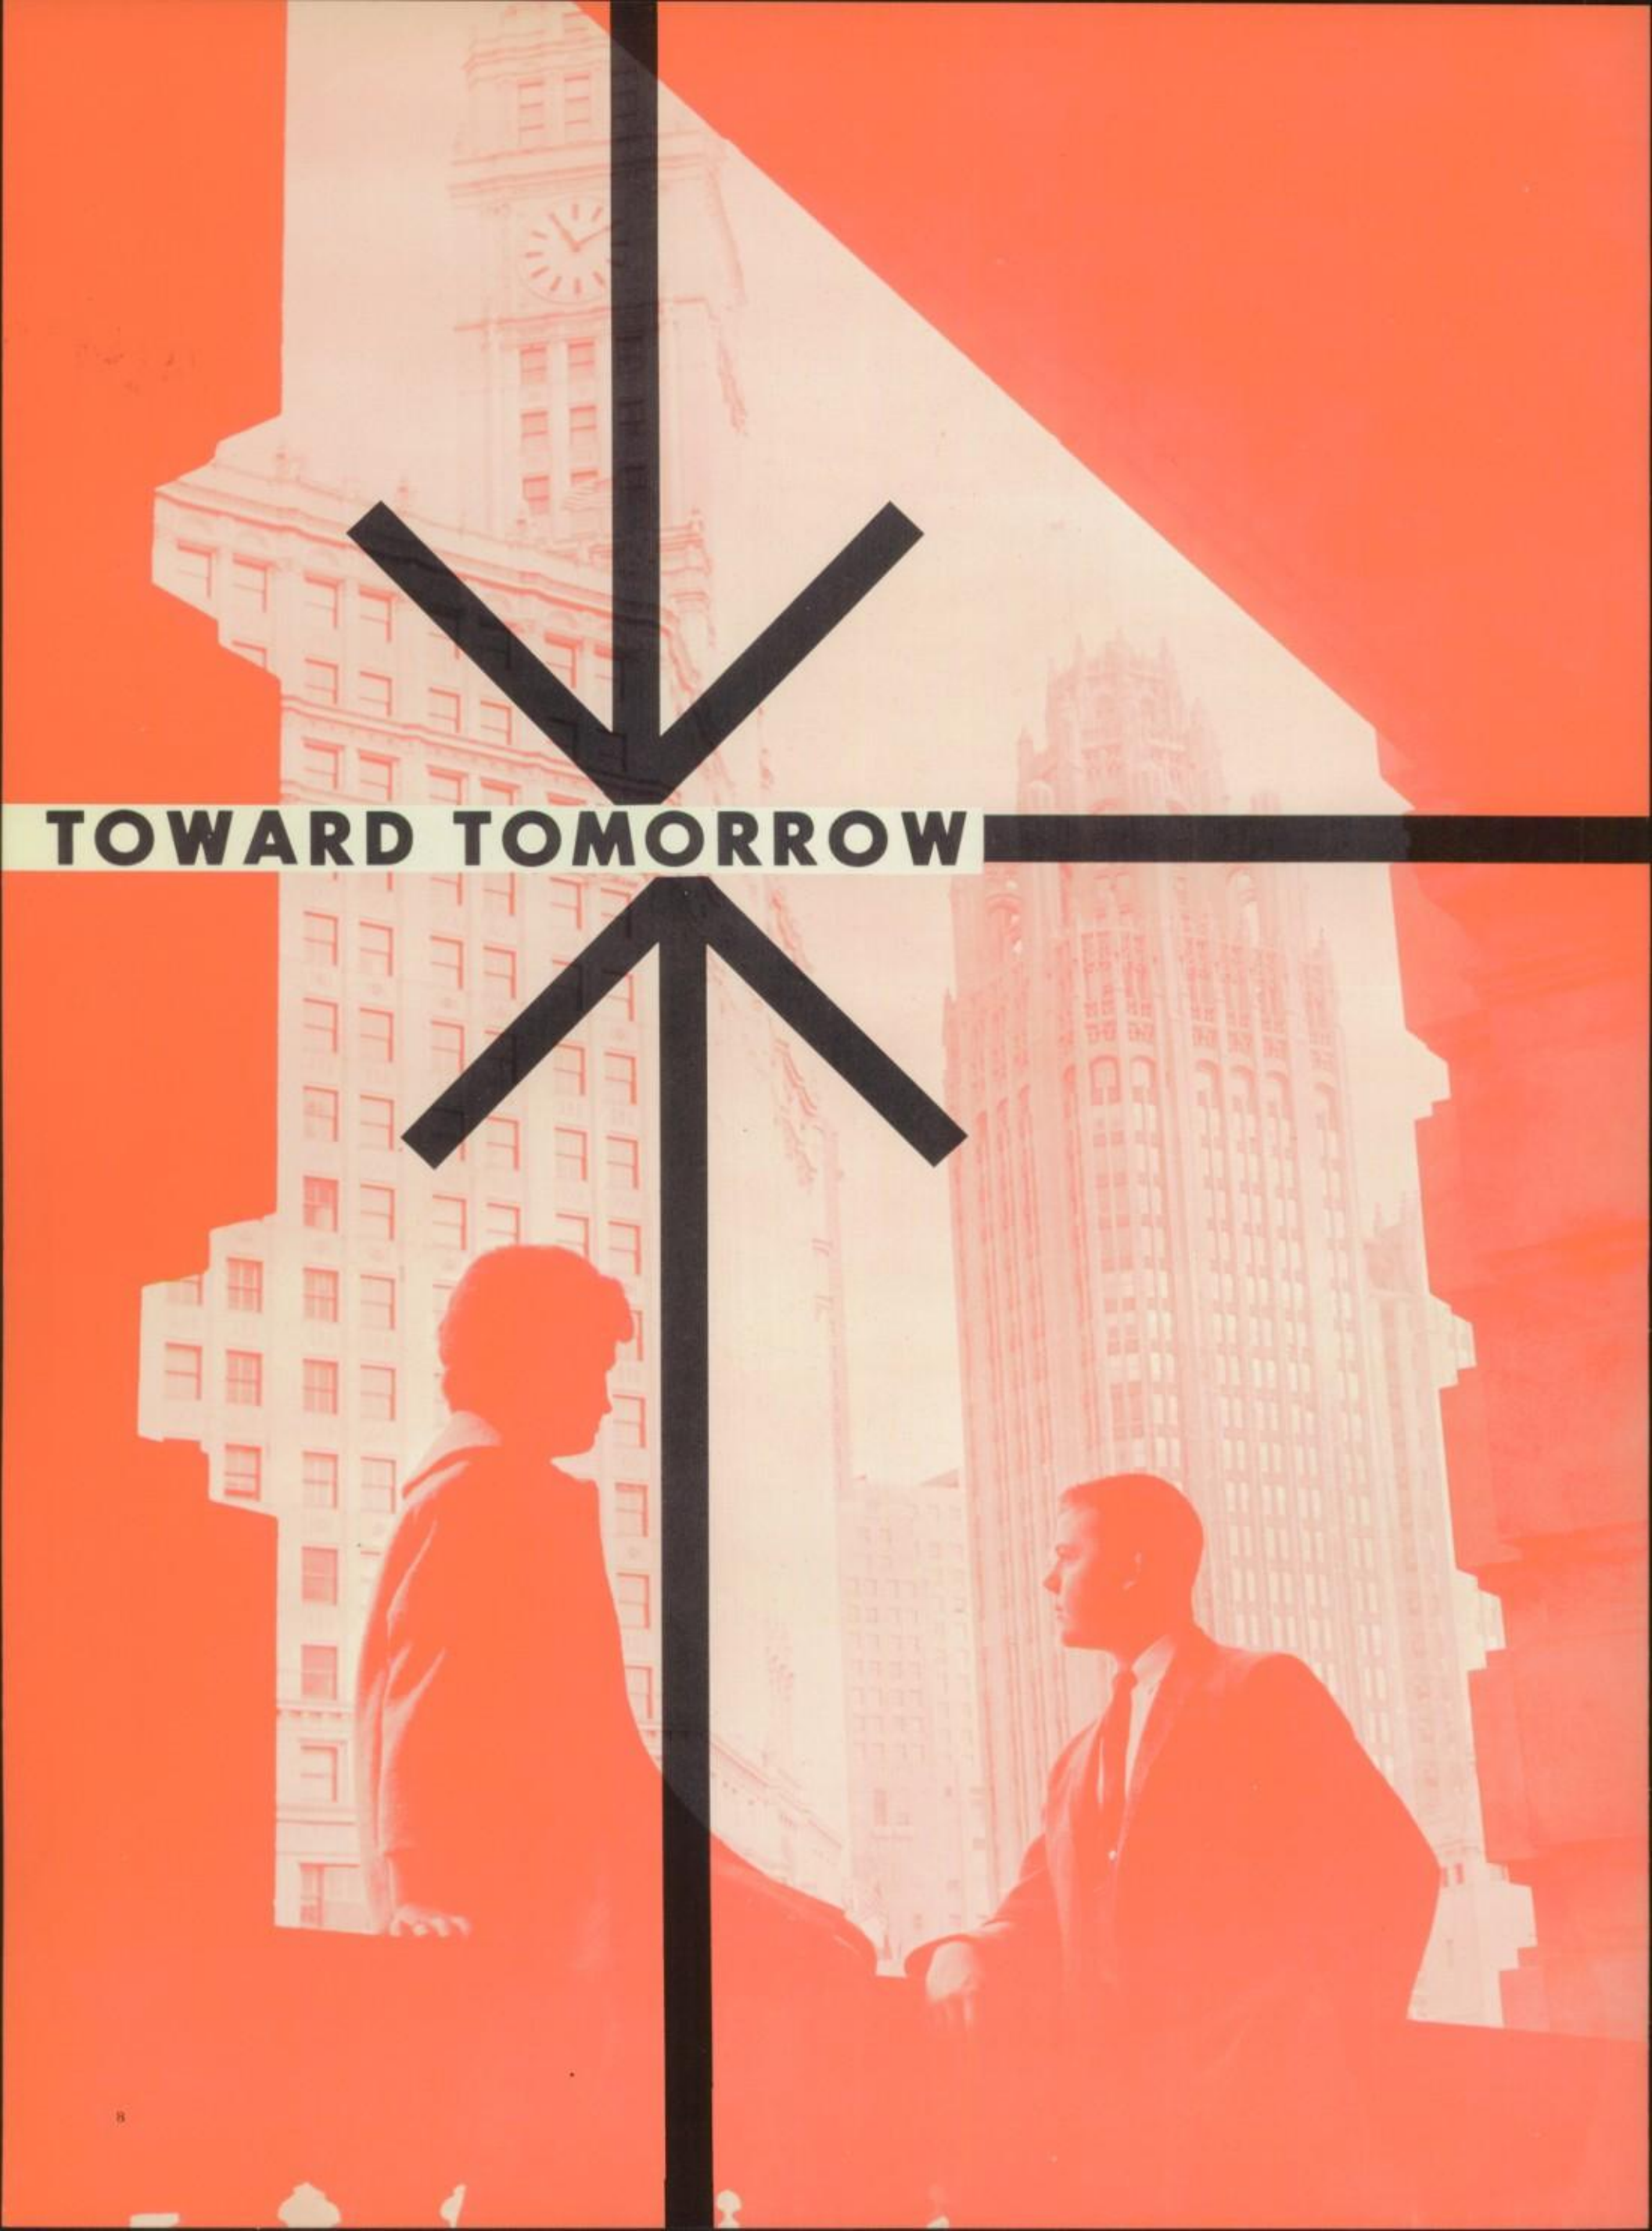
Countless forces and events act upon us daily. In the classroom, dedicated teachers stimulate latent abilities. At home, understanding parents strive to develop a sense of responsibility in students. Athletics serve to strengthen bodies and build attitudes of Christian sportsmanship and determination. Parties provide fellowship and sociability. Clubs and service organizations shape character and furnish an outlet for individual interests. Firm friendships and a Christian atmosphere help complete our **Directions For Today.**

The classroom forms the center of student life.

With faces showing determination, the football team prepares to fight for victory.

Social events such as the "Frosted Fantasy" give students an opportunity for enjoyment.

TOWARD TOMORROW

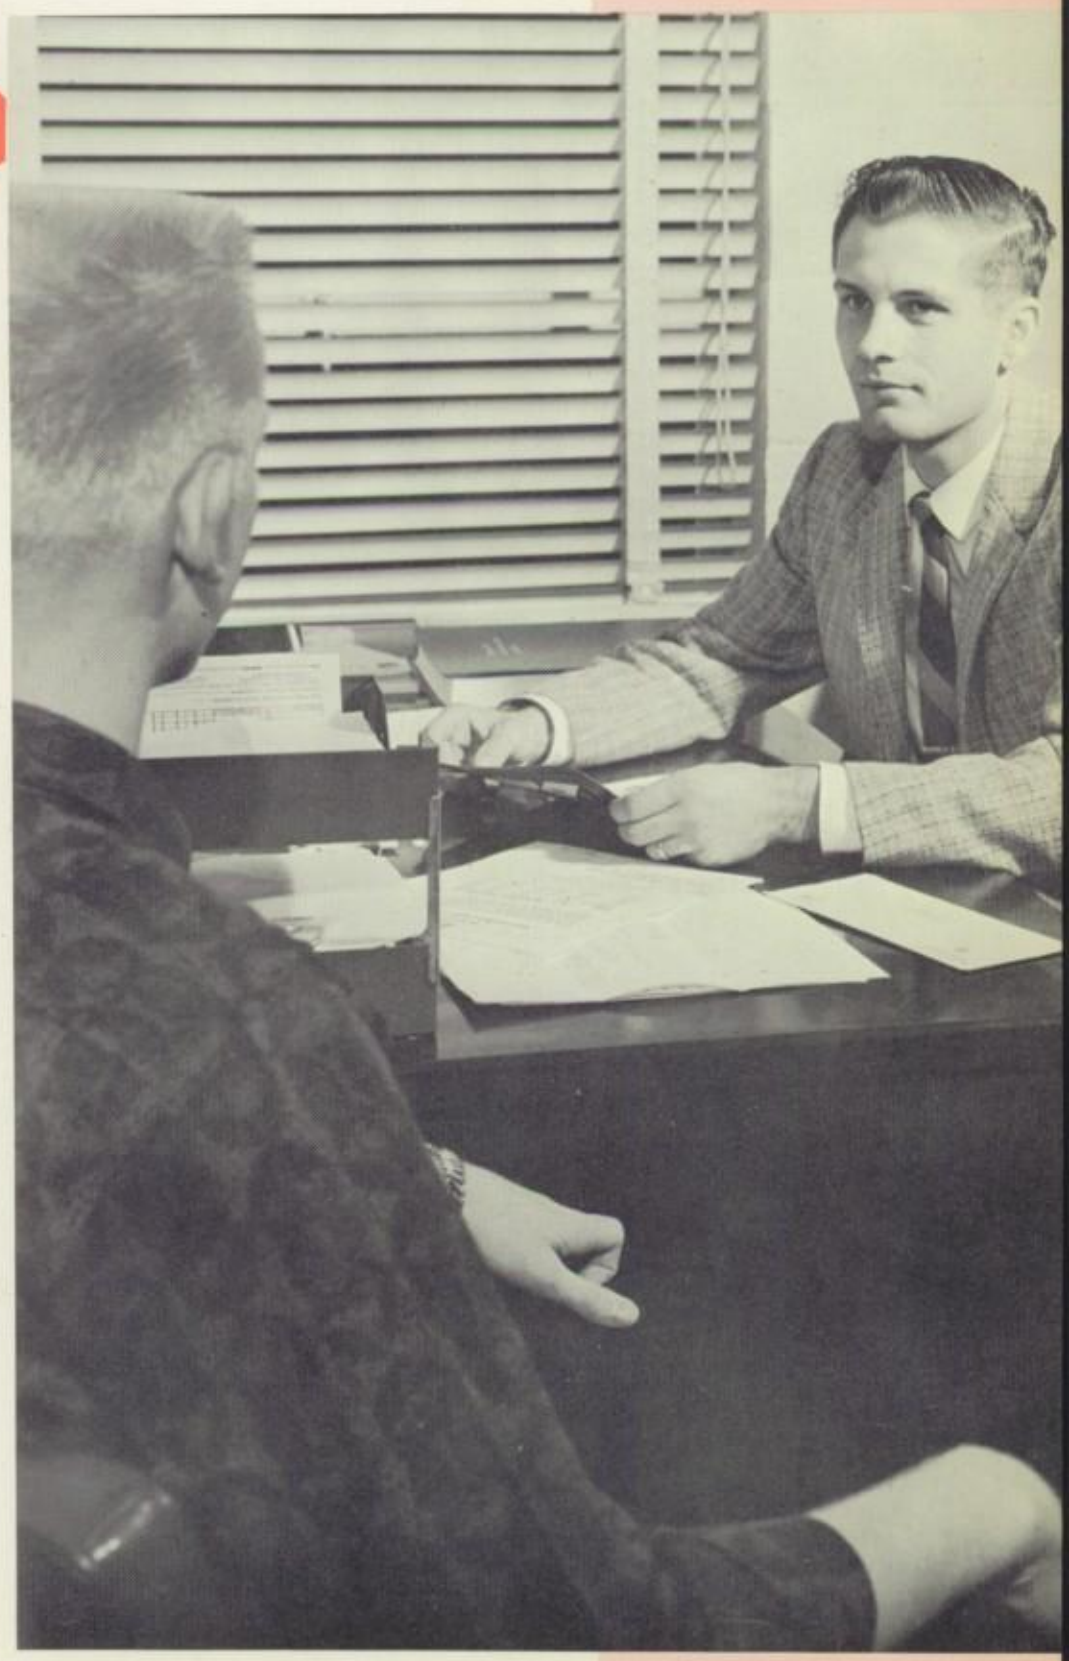


Many students experience a dilemma in choosing their future vocations.

Paul Webster, Karen Bobeng, and Sandy McColl make use of the library's catalogues and planning kit in choosing their colleges.

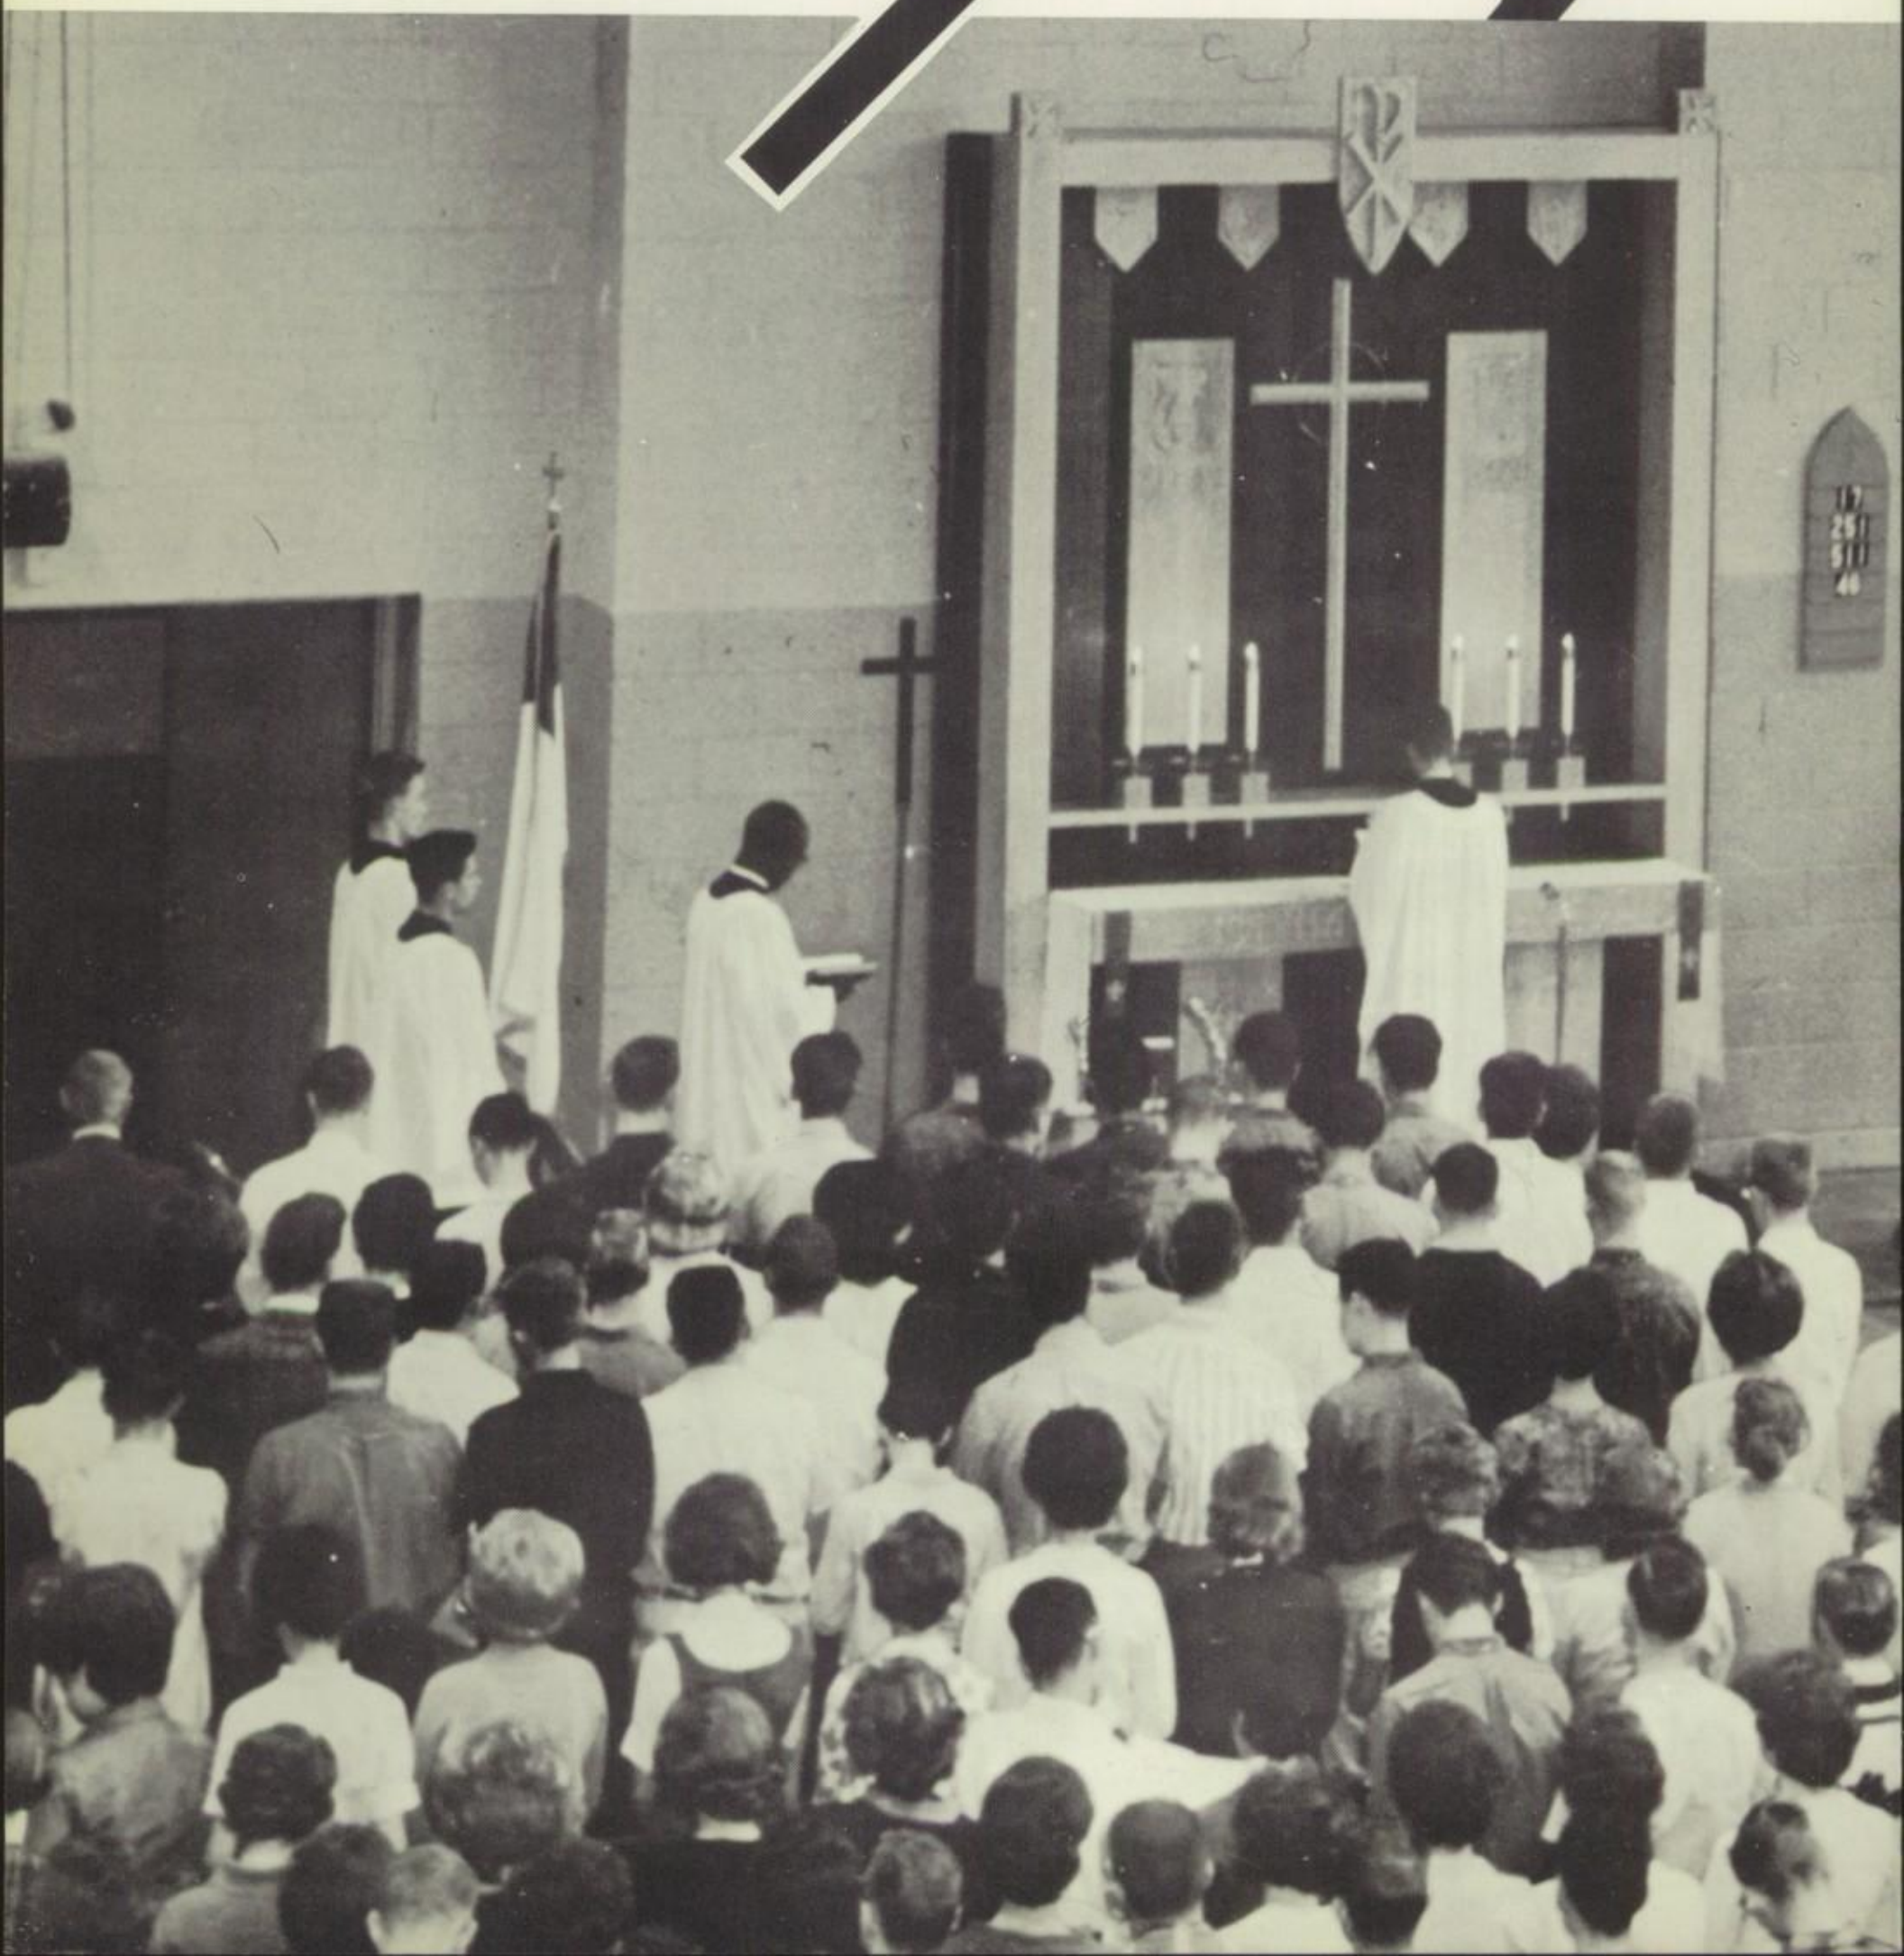
Graduation will open many different directions for our future lives. College beckons, industry and business wait, and the armed forces call. As we move forward toward these goals, we will not forget the lessons, experiences, enthusiasm, and enjoyment which have been part of our four years at LHN. No matter what our vocational choice, Christian principles will continue to guide us. These principles will always supply the necessary **Directions Toward Tomorrow.**

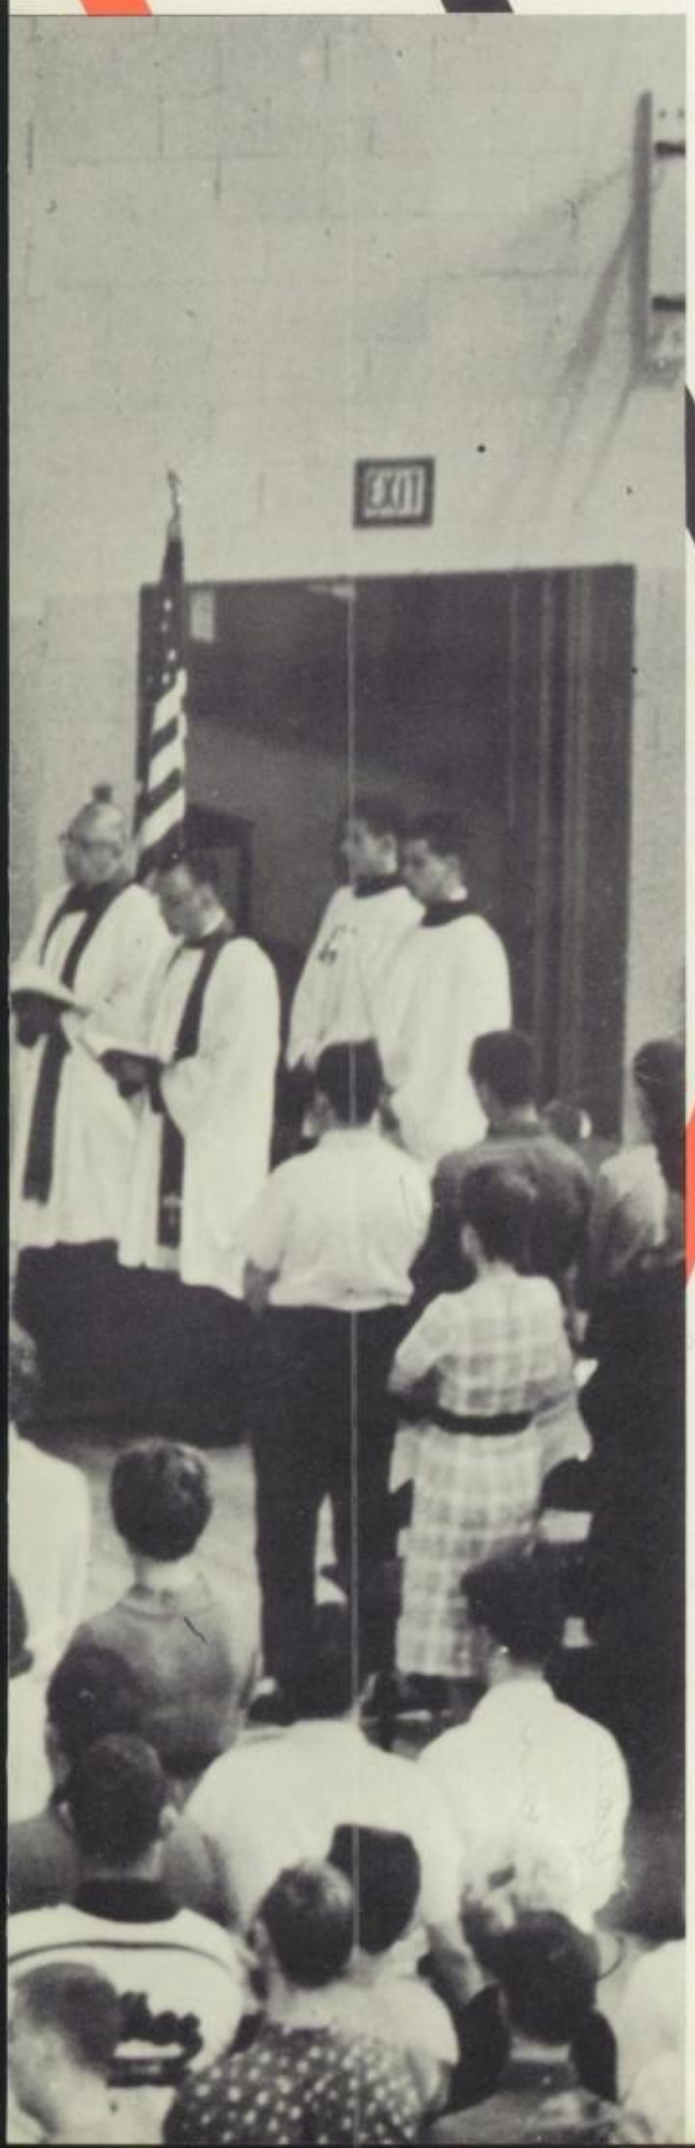
Rising symbols of business and industry turn the thoughts of Charlene Hagen and Chuck Elter toward tomorrow.



Counselors offer many helpful suggestions as we prepare for the future.

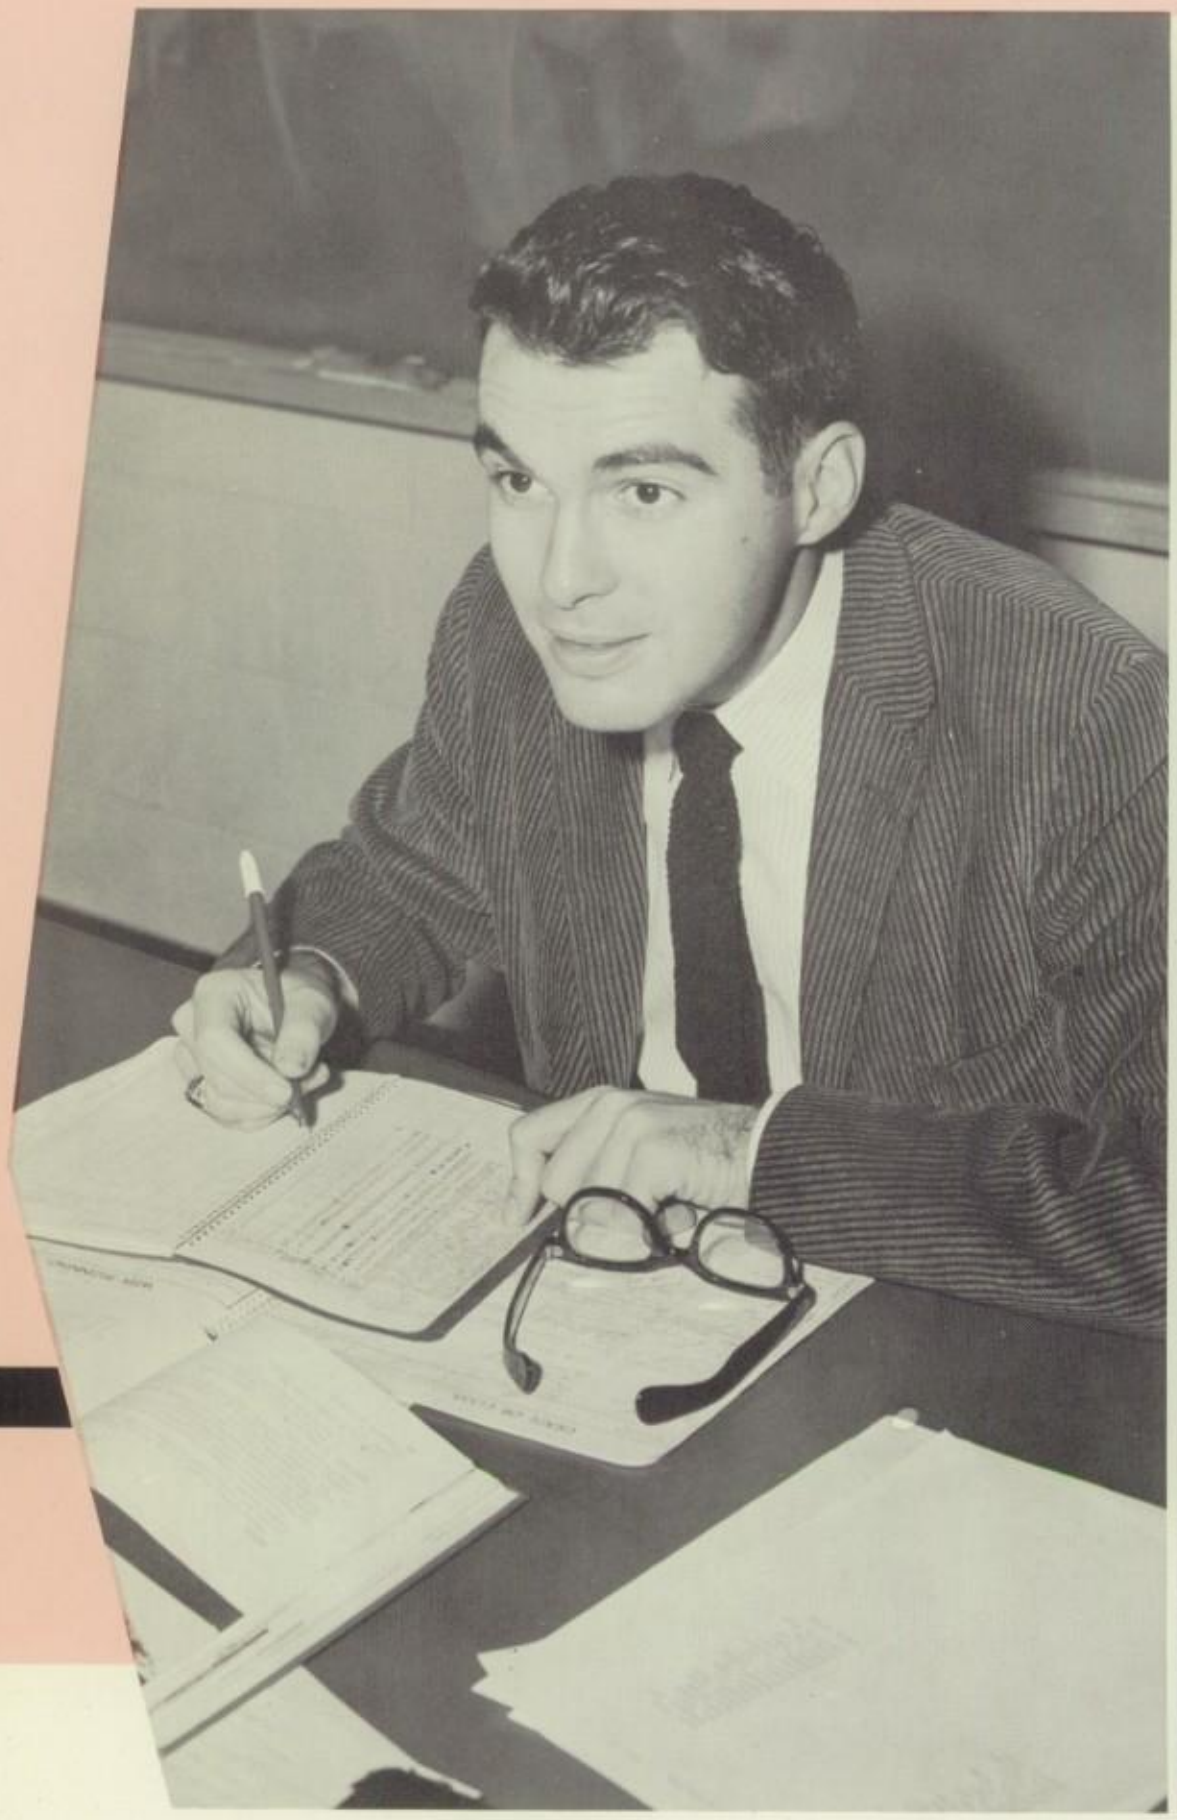
FROM GOD





As the source of our directions, God influences every facet of our lives. We gain strength and inspiration in chapel as we join in prayer and song or listen to a stirring sermon. Teachers guide us by their Christian example, and religion classes form firm beliefs. In all classes we strive to exemplify the faith we have received. Through morning devotions, we daily receive our initial **Directions From God.**

United by prayer, the student body becomes oblivious to the setting for a Wednesday morning chapel service.



Representative of the many people who have given us **directions in the past** is:

Mr. Robert Conners, a teacher devoted to his work. Laboring long and hard on many projects, he constantly displayed a Christian attitude. Guiding the Thespians, working many hours on the Junior-Senior Banquet, and making the Fun Fair a success constituted only a part of his activities. The difficulty we encountered in learning the language of the Romans was easily met with understanding.

Although Mr. Conners did not teach at Luther North last term, we will remember him as an important influence during our Sophomore and Junior years.

Symbolic of the many teachers who **lead us daily** toward attaining essential Christian principles by which to live is:

Mr. Arthur Teschke, a man of numerous talents. Enthusiasm and school spirit are a part of his friendly personality. Being a coach on our baseball team has enabled some of us to be in close contact with him. Others have found his math and religion classes unusually interesting because of their significant analyses. On rare occasions his classes have had the pleasure of sharing in his past experiences through stimulating and interesting discussions.

His sincerity will always be remembered as we journey to the future.

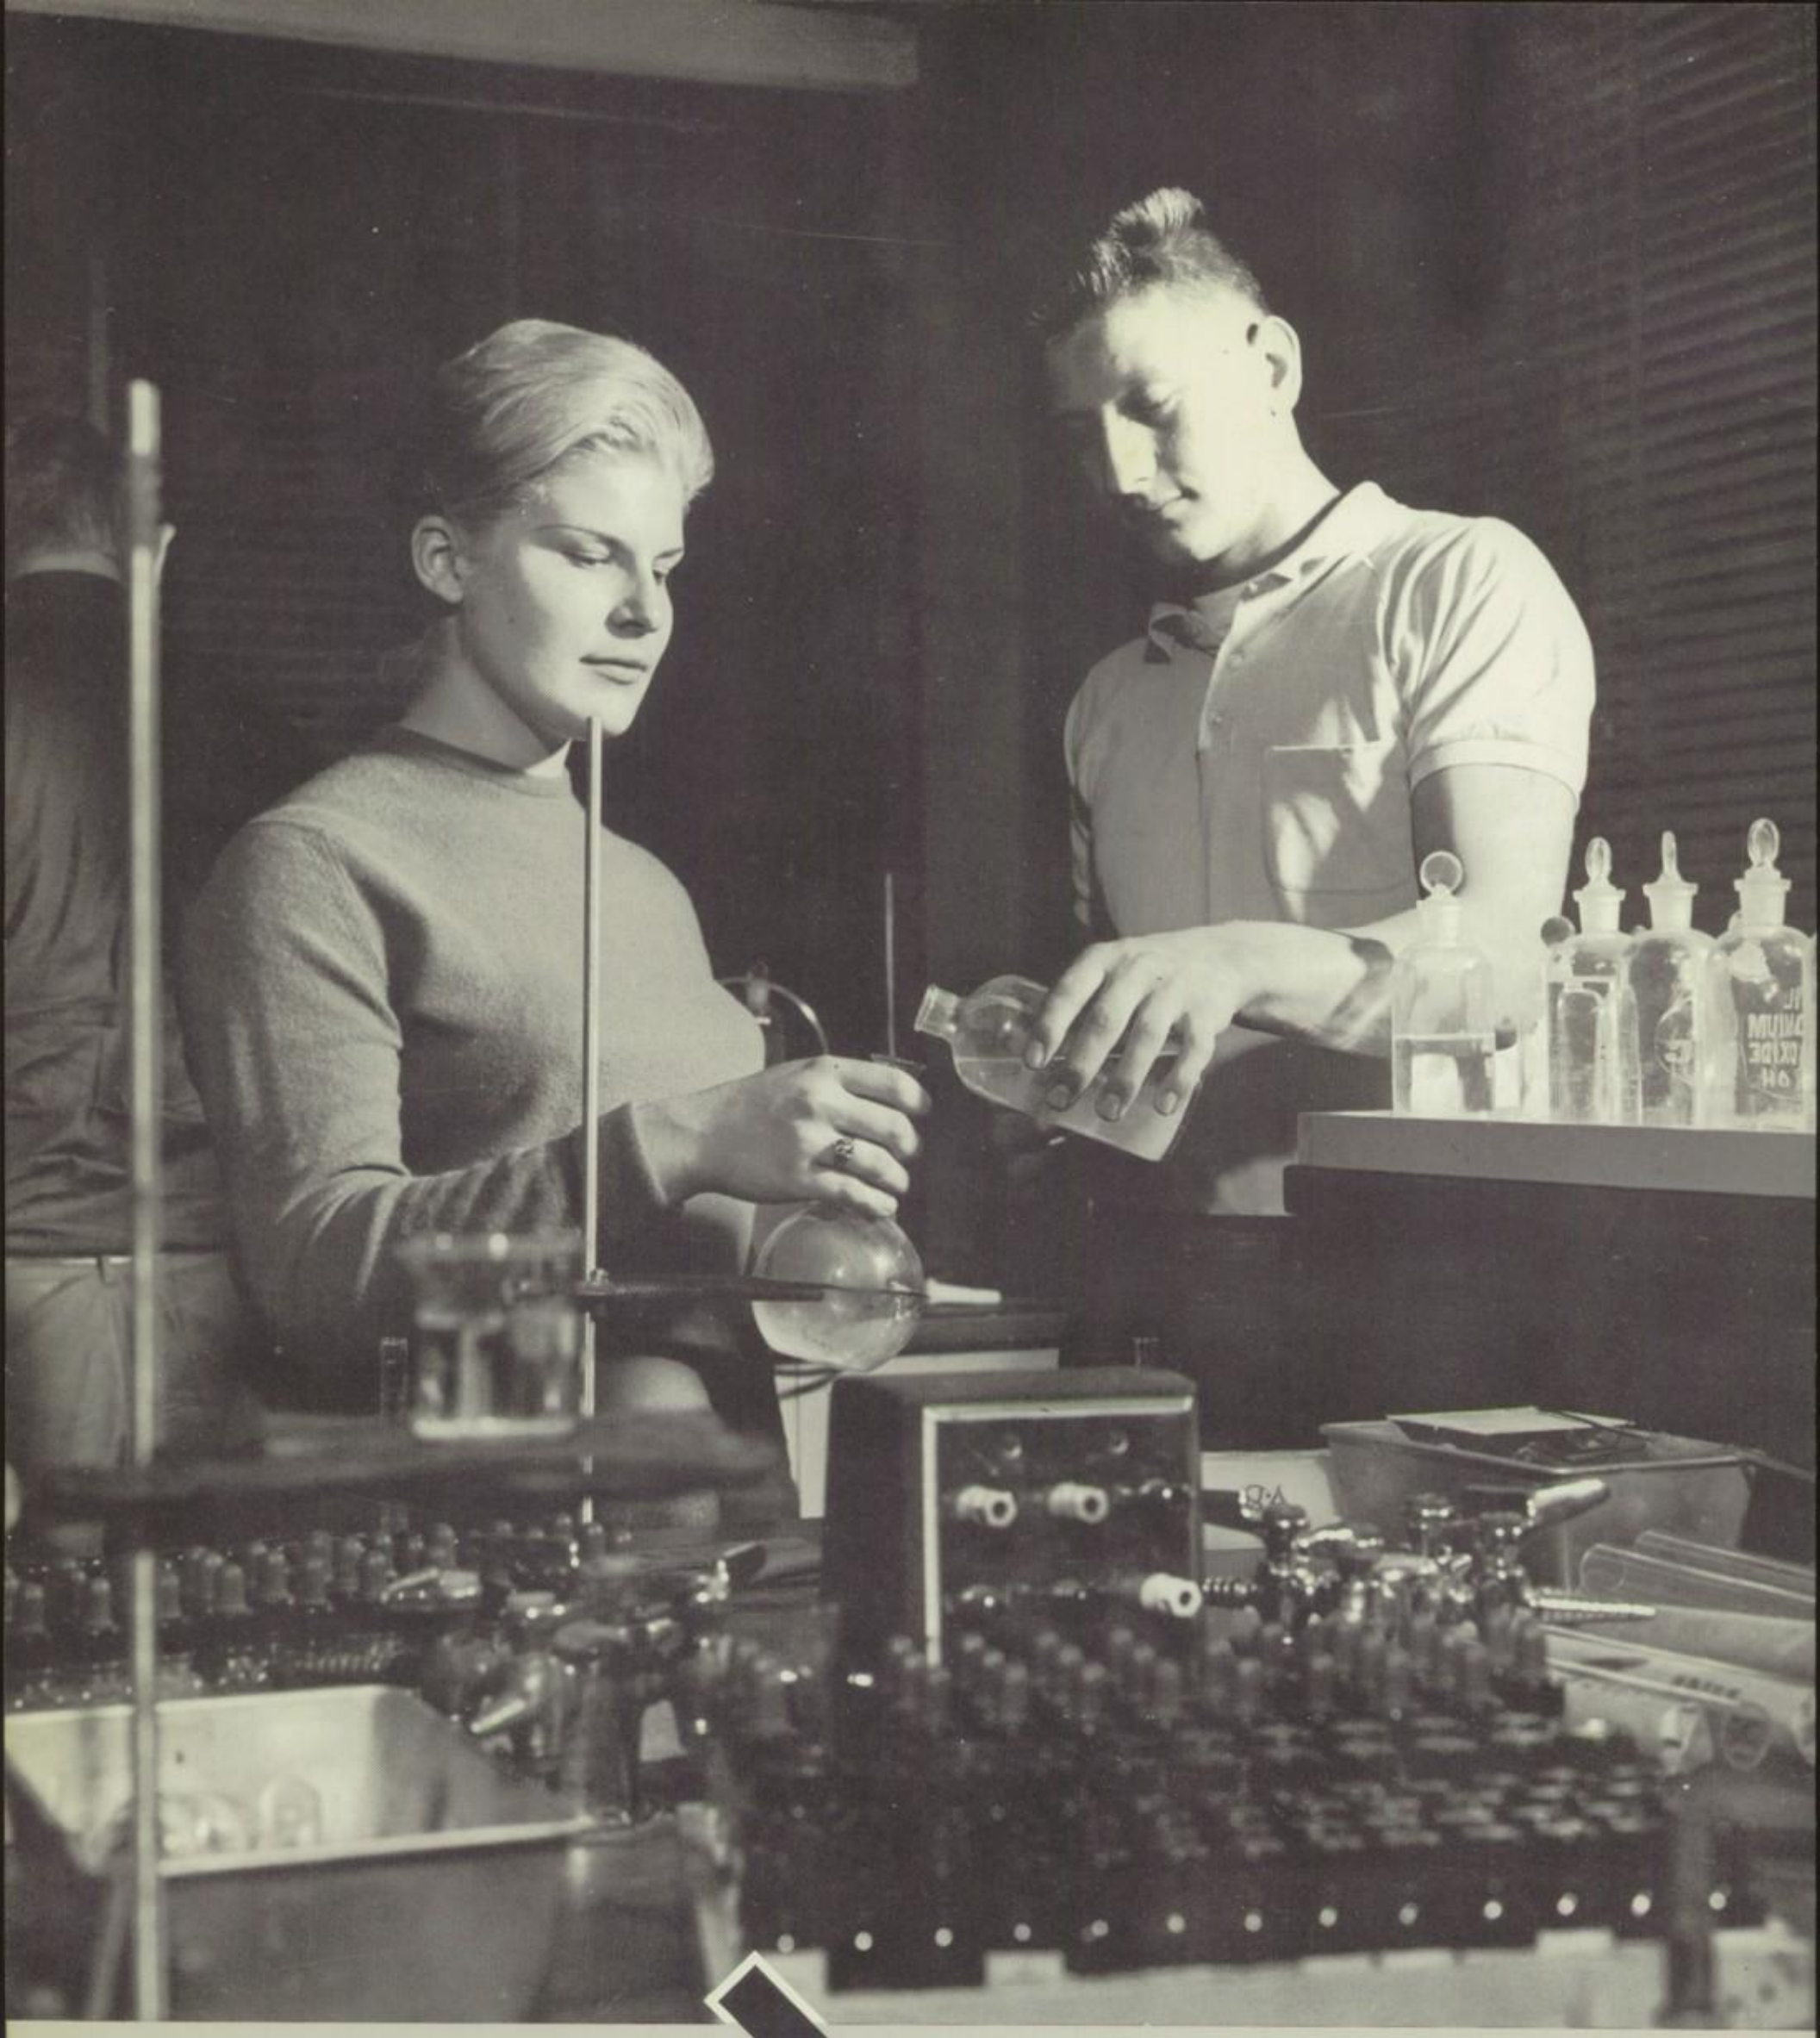
WITH THE HELP OF

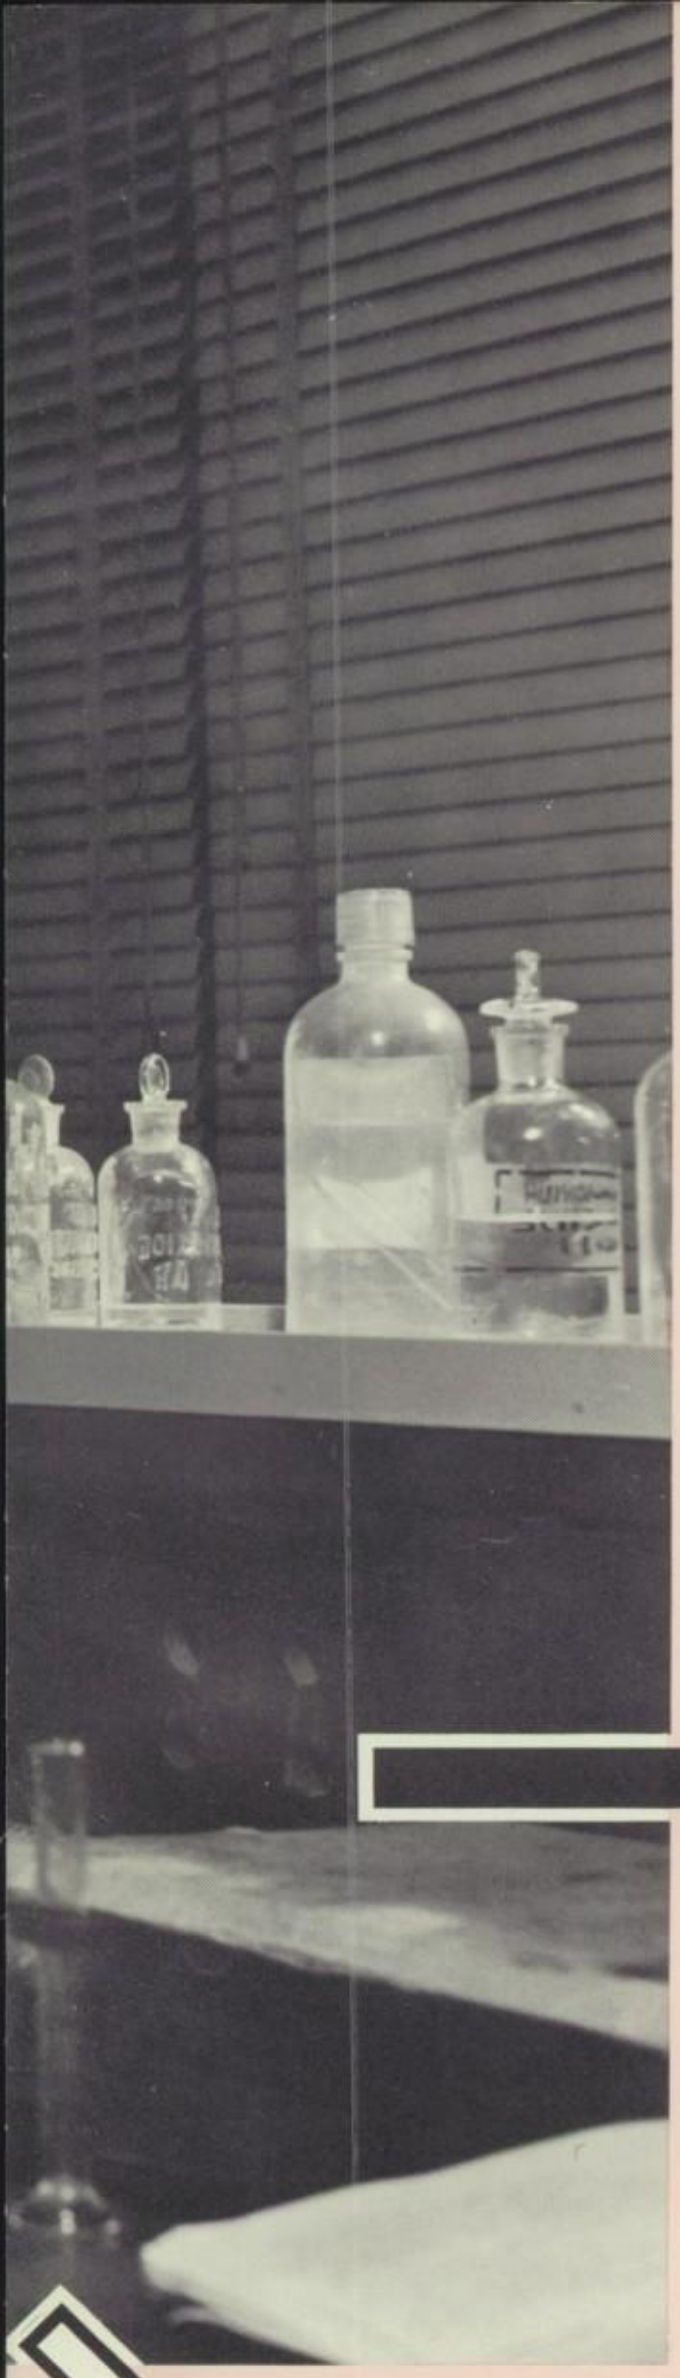
One of the many persons who has guided seniors toward **life in the future** is:

The Rev. William Beckmann, an individual who has spent untotaled hours working for our benefit. Paging through college catalogues and perceiving the problems of perplexed students, he has answered our questions with the necessary knowledge that a counselor must possess. A part of his day is spent in administering to the needs of various individuals. He realizes the difficult adjustments we must face. His office is filled with information needed by every student.

As we pursue future interests, we will remember the planning he has done in our behalf.

God's richest blessings.
William C. Beckmann

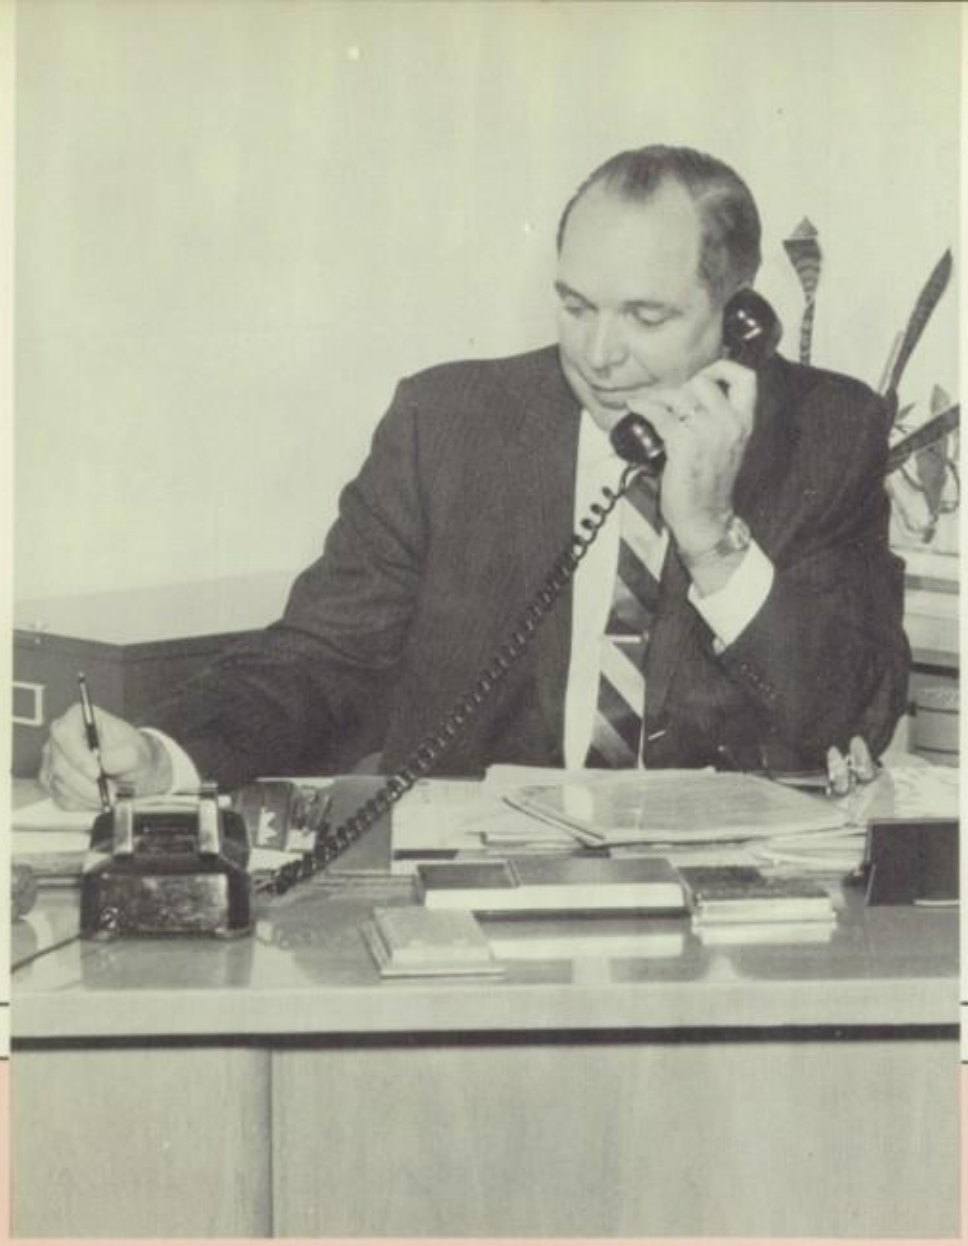




AS WE INVESTIGATE

Many elements unite to give direction to our academic life. The 8:15 bell rings summoning the students to class. They scatter to the gym, shop, study, or any one of the thirty-two classrooms. Papers are due, tests are graded, and assignments are given. Teachers are willing, students are eager, and the administration is understanding. These and many other factors guide and direct our academic life.

ADMINISTRATION



Mr. Martin Duensing
Principal

Mr. Walter Hartkopf
Assistant Principal
Counselor

North District Council, seated left to right: Martin Duensing, Principal; Carl Lohrentz, Treasurer; Robert Pethes, Vice-President; Rev. John Lutz, Chairman; Alfred Hemler, Secretary. **Standing:** Kurt Vragel; Rev. Carl Sangers; Jacob Grosch; John Reuter; Karl Helmkamp; Louis Menking, Superintendent; Ralph Snider.

AND GUIDANCE SET DIRECTION

Luther North is unique in its organization in that the Administration and Guidance are closely related. The guidance council is headed by Mr. Martin Duensing, and it consists of counselors of all four classes, the Spiritual Advisor, and the Dean of Students.

The advice and leadership of these people help us in our preparation. Tests are administered and meanings are interpreted. Their offices are open for guidance in questions concerning personal problems, course planning, or choosing a future vocation or college.

Rev. Emmet Rogness
Spiritual Advisor

Dr. Louis A. Menking
Superintendent

The thirty-eight congregations of the North District are represented each month when the Council meets to discuss the problems of Luther North. These problems include the budget, appointments of teachers and department heads, and general school policies. Consisting of two pastors, two teachers, and six laymen, the board is headed by Dr. Louis A. Menking, who sees that the policies set by the Council are carried out.

As superintendent of our three Lutheran High Schools, Dr. Menking's work is diversified. His main effort is the coordination of the schools in matters of business and administration. Not only does he visit the schools, plan the budgets, and deal with the appointments of new teachers, but he also represents the Lutheran High School Association at many civic affairs.

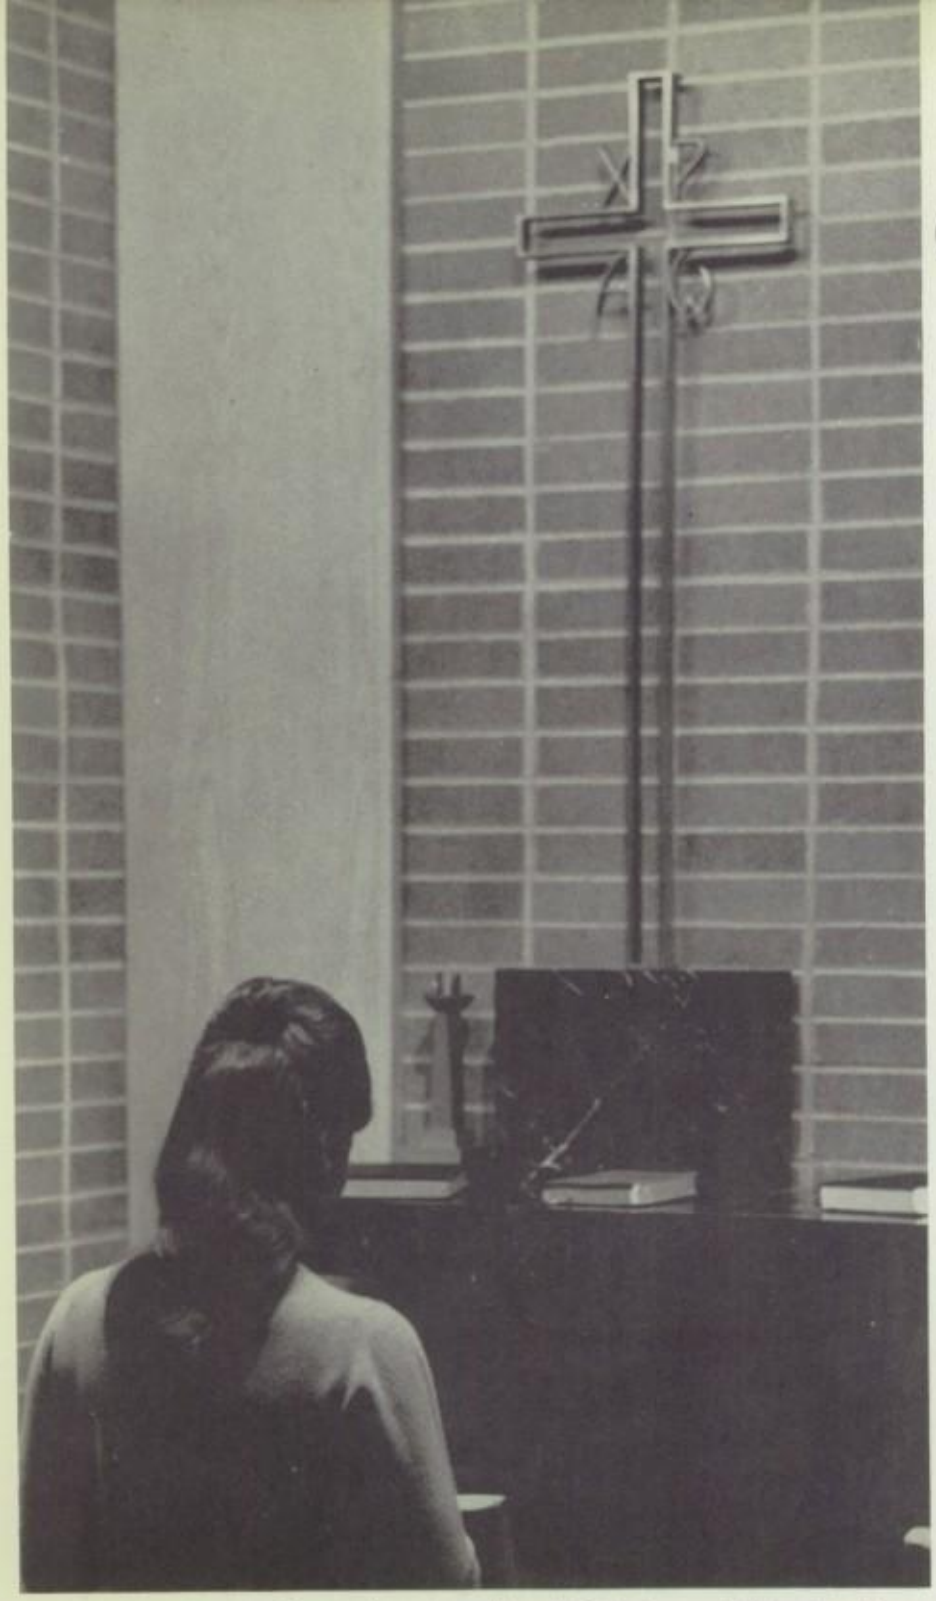
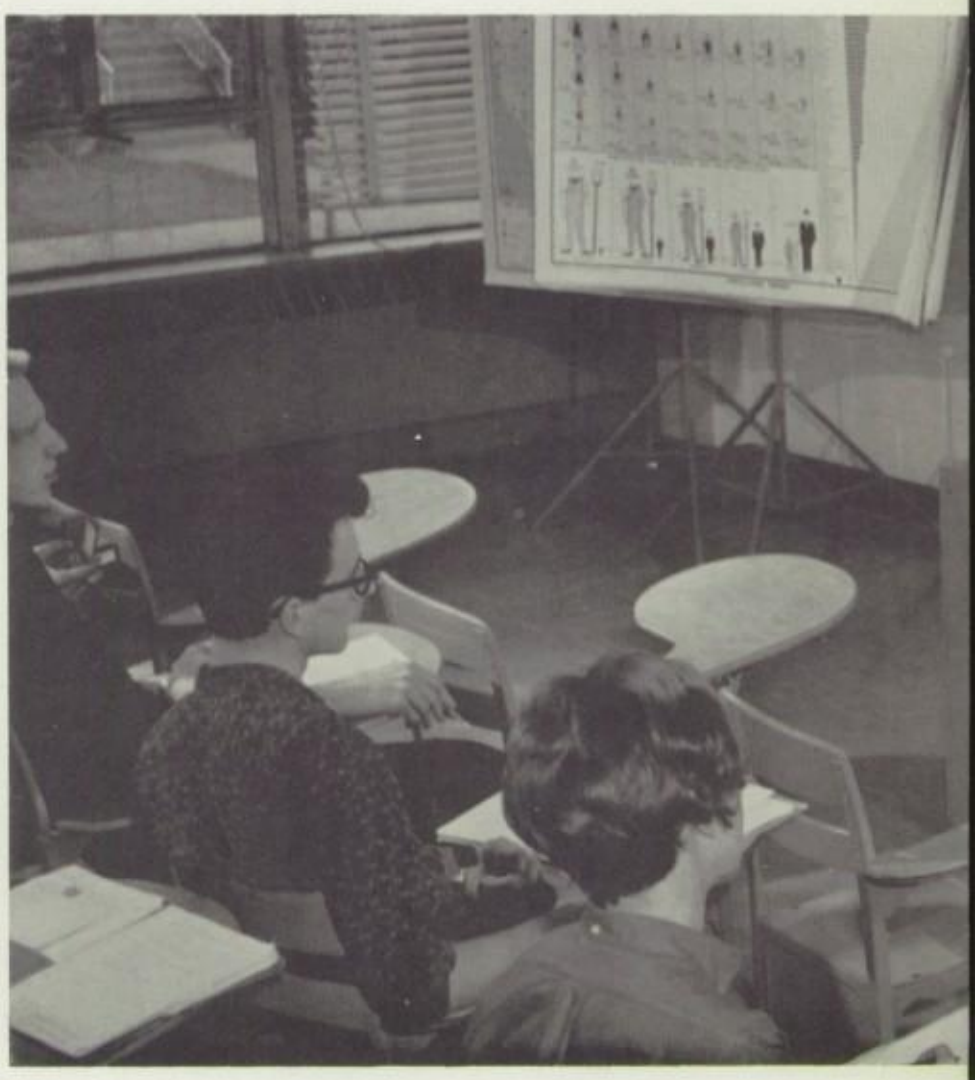
CHRISTIAN GROWTH



Inviting the student to reflect on his relationship with God, the meditation chapel is open at all times.



By evoking a deeper understanding of God's inspired Word and by examining the development of His Church, the *Religion Department* intensifies our faith. Religion courses give meaning and direction to studies, service, fellowship, and all areas of student life. In associations with classmates we attempt to live our faith through actions and words. Through our chapel services, daily devotions, use of the meditation chapel, and Christian symbols placed throughout the building, we are daily reminded of our ultimate purpose as we grow stronger in Christ.

The statue of Martin Luther brings to mind the scriptural doctrines which are taught in religion classes at Luther.

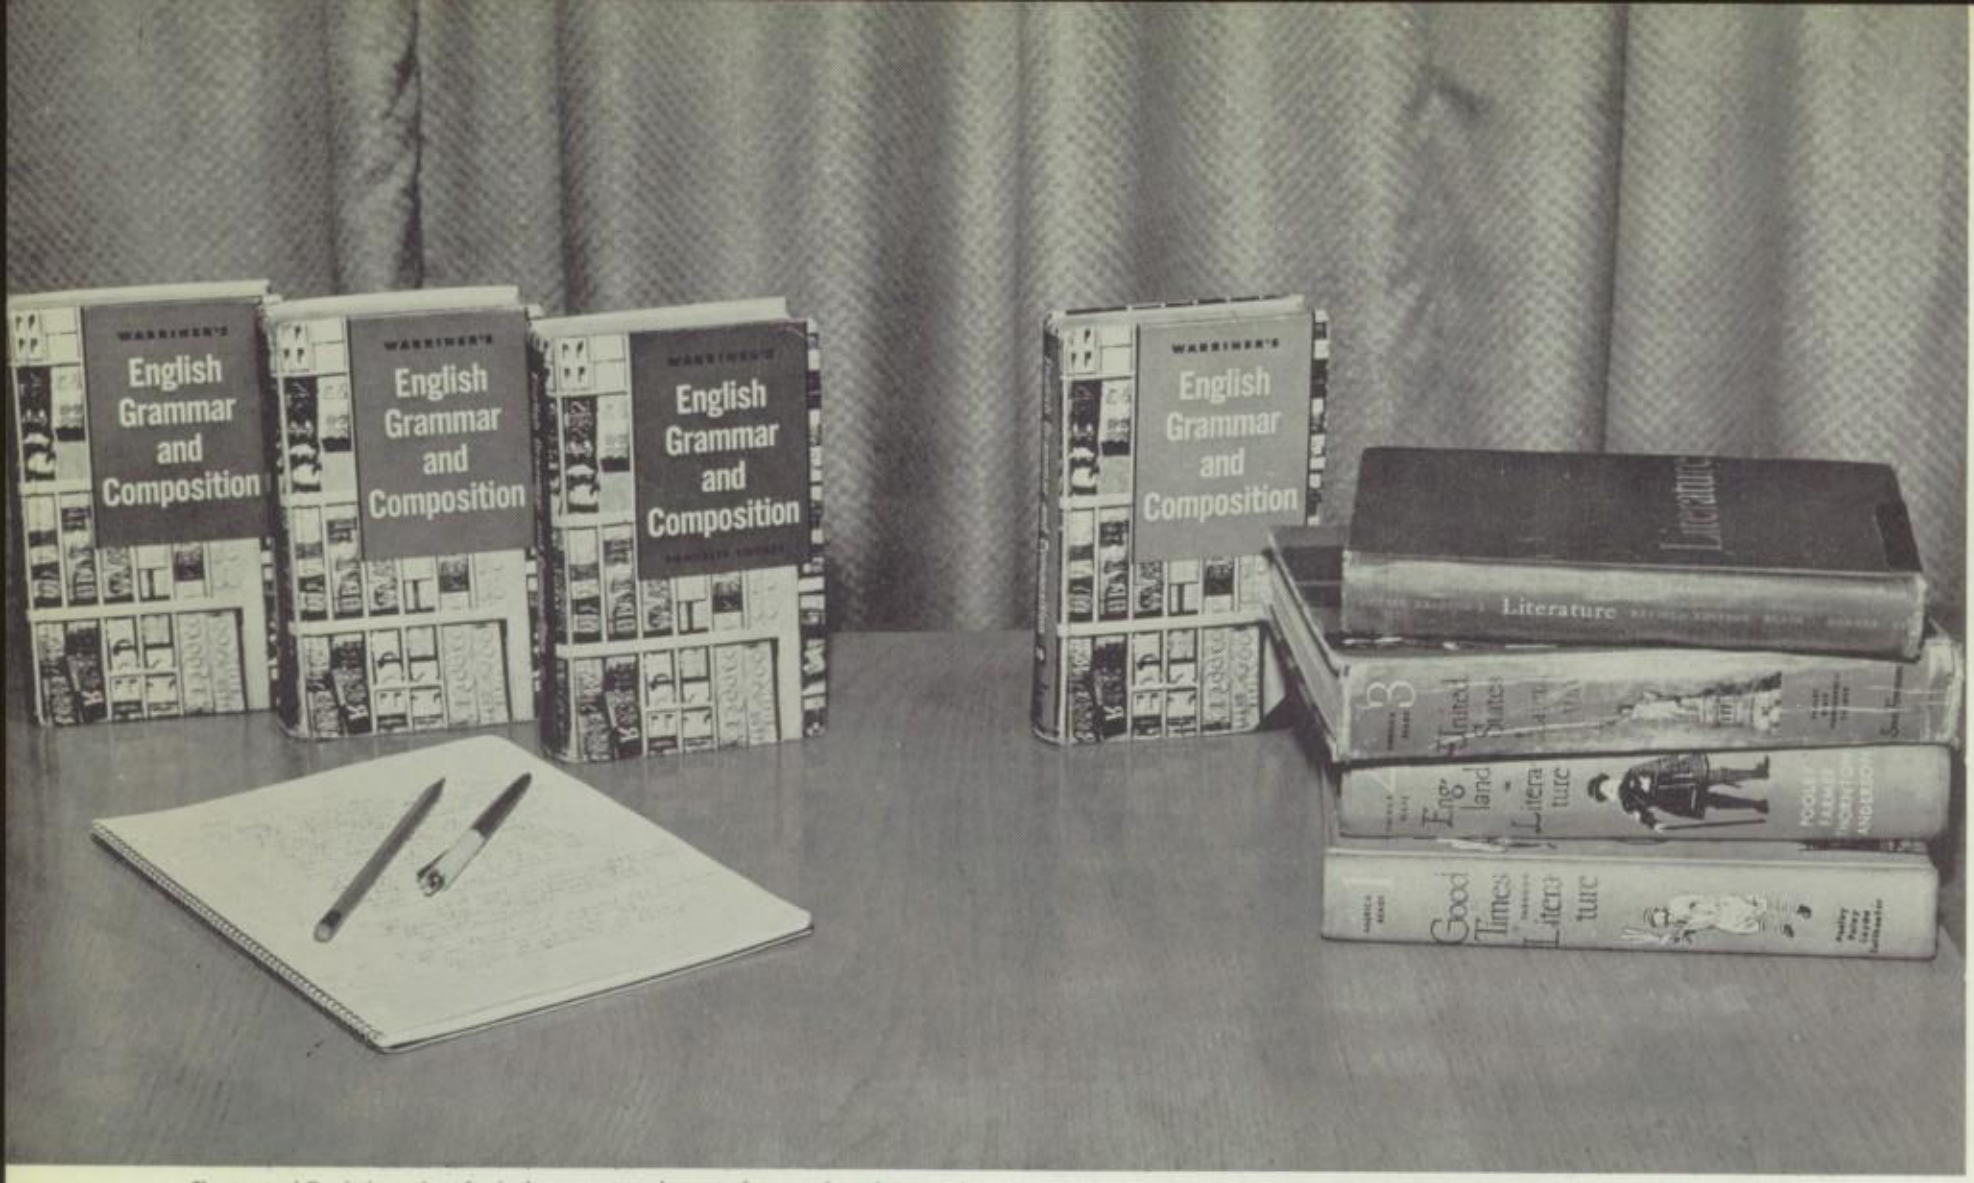
NURTURED

Marking the close of the chapel service, the recessional leaves the student in a meditative silence.

Seniors are prepared for their role in the church through the course in Christian Doctrine.

Faculty and students unite in singing hymns of praise.

Rev. Emmet Rogness
Chairman of Religion Department



The typical English student finds these materials part of everyday class work.

ABILITIES IN COMMUNI

Mr. Donald Offermann
Chairman of English Department

Mr. Dale Hartmann
Head Librarian

By checking out books, students have access to many types of written and pictorial materials.

Effective communication is extremely important in the world in which we live. Through the *English Department* the student gains proficiency in this area. Abilities in writing, reading, speaking, and listening are developed. This year several students advanced so far as to have articles published in the "Voice of Youth" column in the Chicago Tribune.

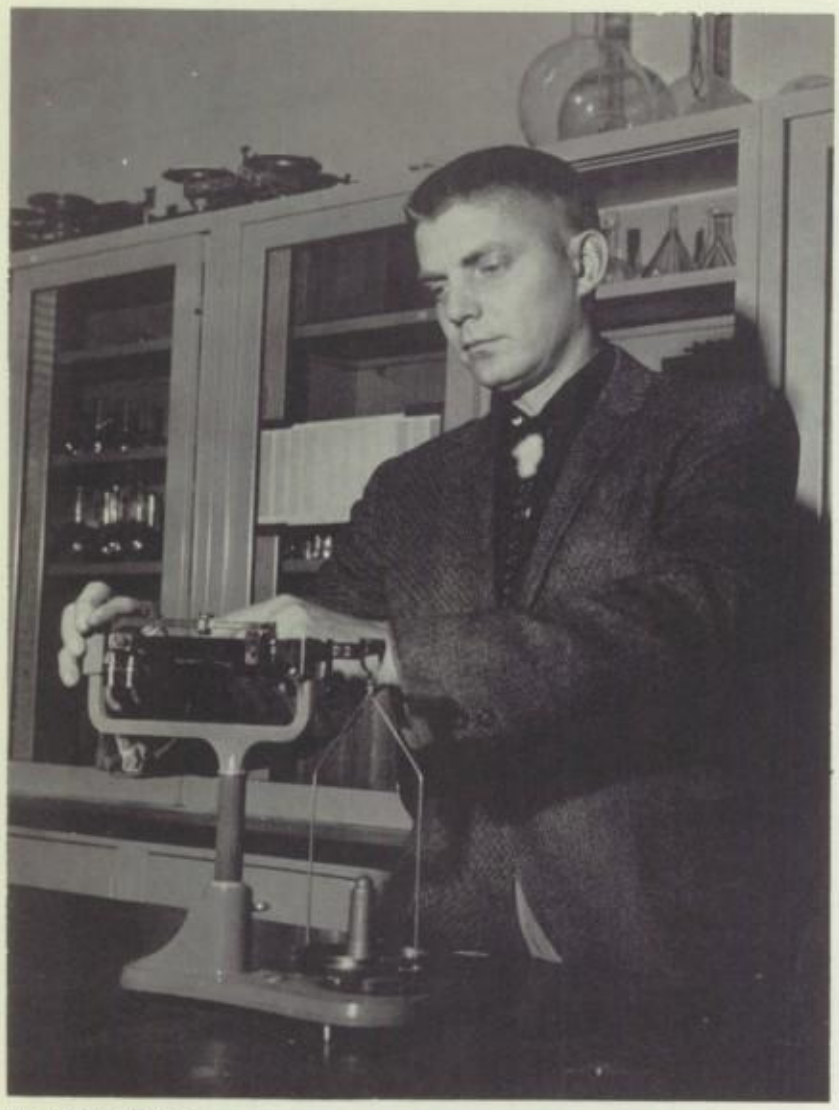
New ways are constantly being sought to improve this department. New reading accelerators and a reading laboratory were purchased to aid the student in gaining proficiency in the area of reading. Book lists were expanded and revised to offer books which would challenge and educate the student.

The library supplies the books, pamphlets, and research materials necessary to cover information not provided in the textbooks. A thirty percent increase in circulation was shown by the students and faculty in using the 10,000 volumes which cover a wide variety of material for schoolwork and recreation.

Lecture forms an important part of English in Mr. Offermann's classes.

CATION DEVELOPED

Dressed in the traditional Gurka costume, Floyd Rueger demonstrates yoga in Speech class.



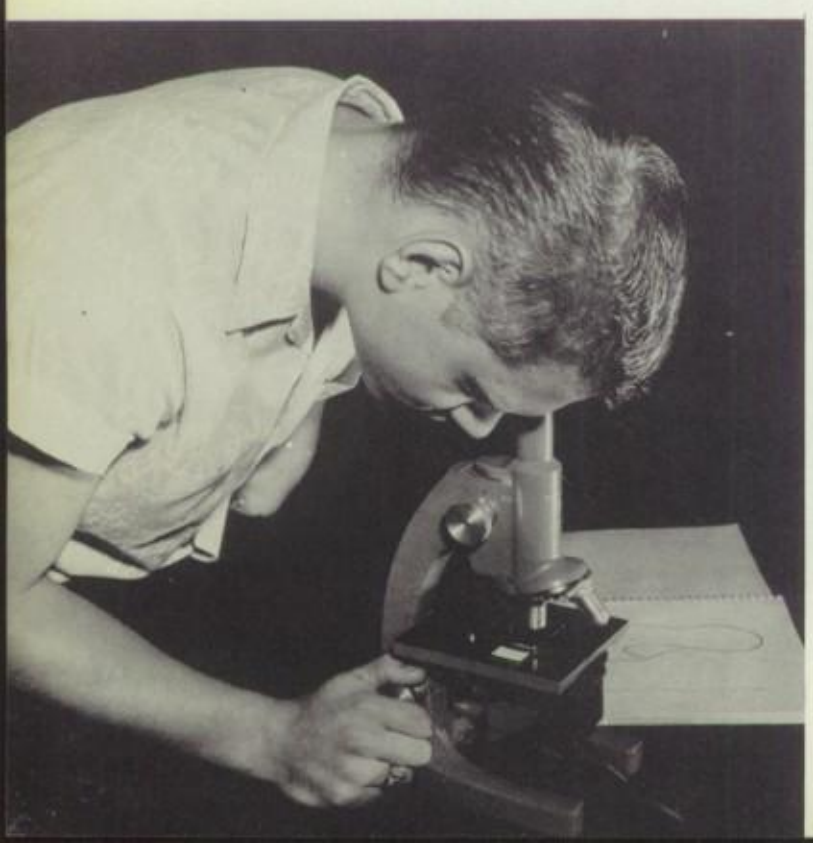
Mr. Jack Staffregen
Chairman of Science Department

Physics students Al Siebert and Jill McCormick verify scientific laws and principles.

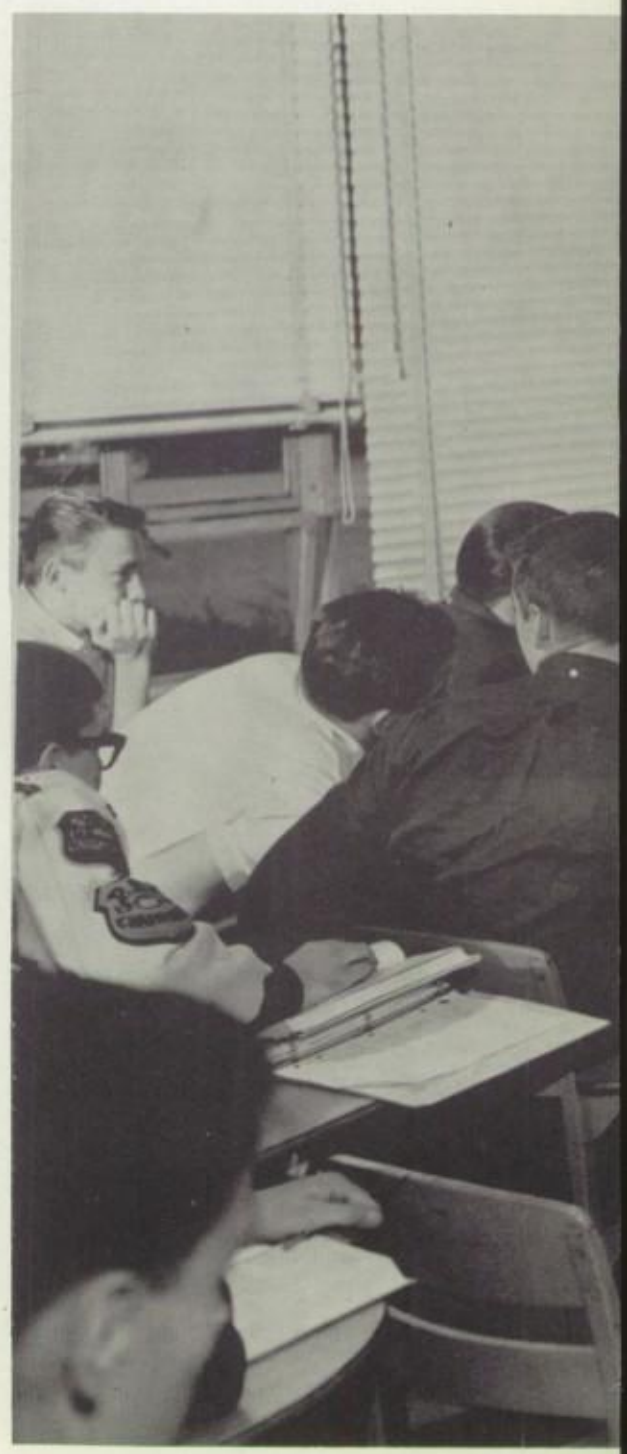
NEW EQUIPMENT

A Christian approach and understanding of science is one of the aims of our *Science Department.* This year it has purchased risers for the chemistry room which enable students to view demonstrations. Physics and chemistry students make use of a new torsion balance which can accurately weight to 1/00 gram. The biology lab has a new micro projector and a desert terrarium, and general science classes can use a new set of charts which illustrate concepts in geology, weather, and climate.

New risers of the Science Department allow greater class participation on the part of the students.



The use of the microscope enables Jim Klein to probe the functions of minute cells.

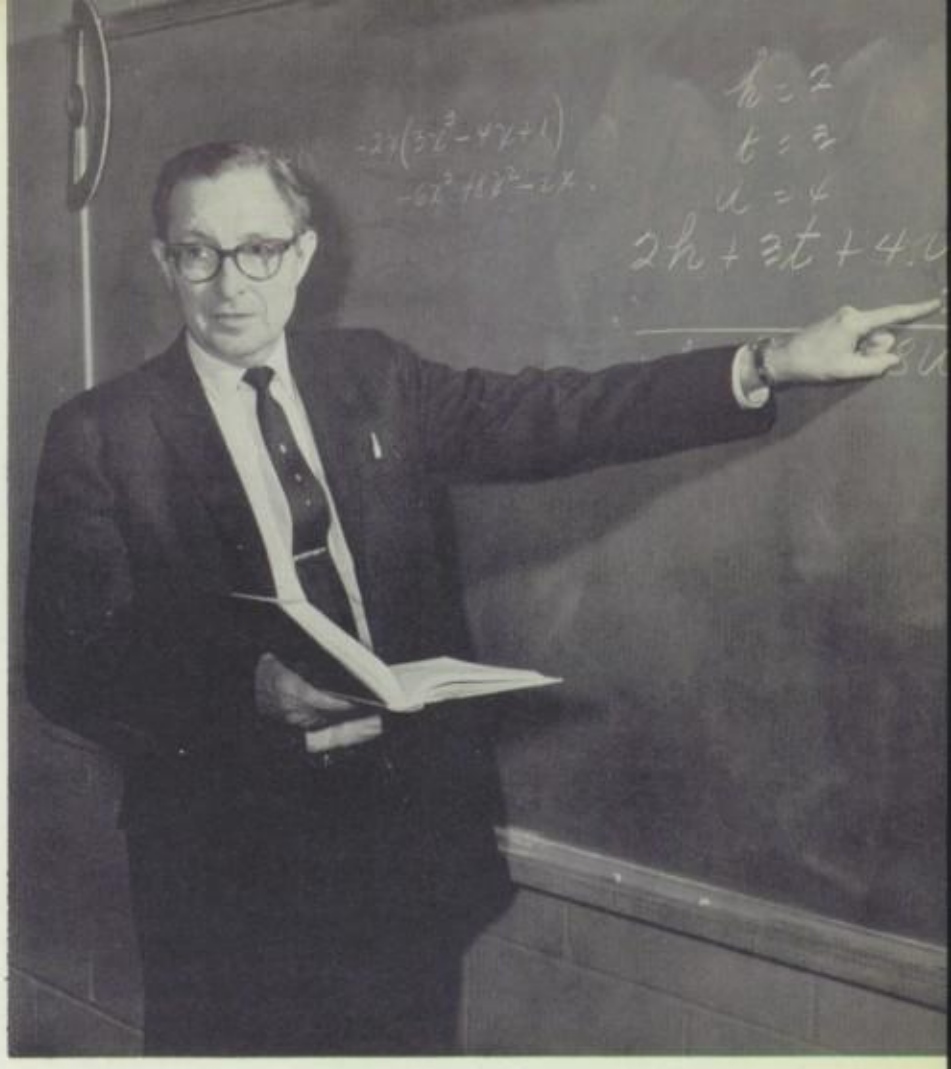


Graphing of trigonometric functions is explained by Mr. Lischewski.

Kathy Sorensen and Al Hunsicker are able to develop greater speed and efficiency by use of the slide rule.

INTRODUCED

Newness best describes the *Mathematics Department* this year. Many things were added in order to offer students the best possible background in math. Most of the classes acquired new textbooks, and modern mathematics, such as set theory, was introduced in both honors and regular courses. After being taught at Wright Junior College last year, the Senior honors math course is again being offered at Luther. All math courses strive to achieve careful, logical reasoning.

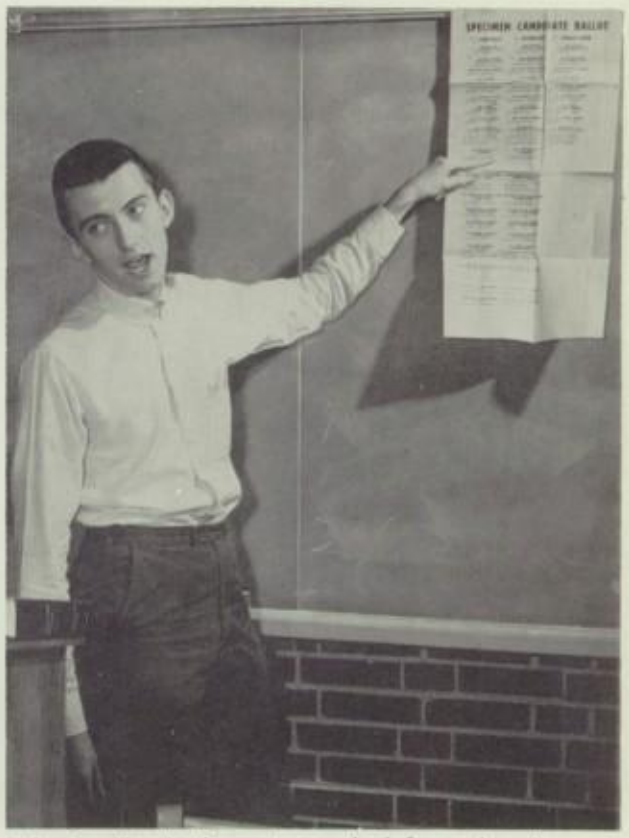


Mr. Harold Meier
Chairman of Mathematics Department

APPRECIATION OF WORLD

Using her notes as a reference, Lillian Lueder discovers a geographical location.

Mr. Gustav Derer
Chairman of Social Studies Department



John Roschke clarifies voting methods for an American History class.

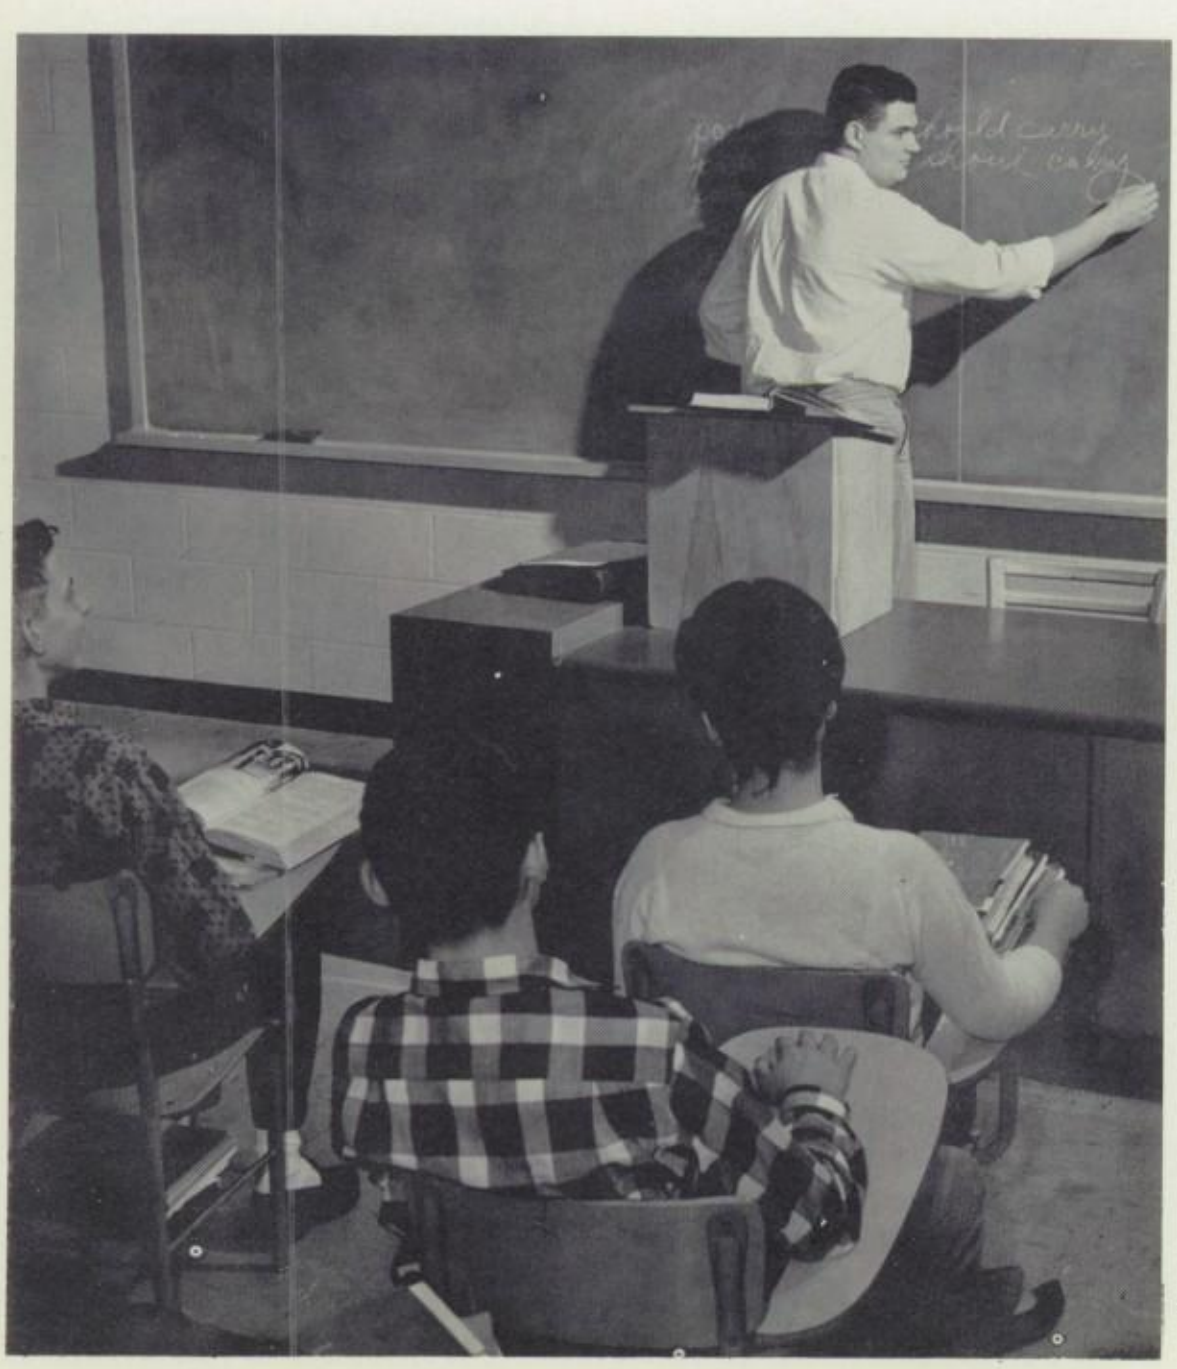
More effective testing techniques were incorporated into the *Social Studies Department* this year, and several new maps were added. The department endeavors to give students a knowledge of the world's geographical features and a recognition of man's past which will make today's events more meaningful. In addition, sociology gives the student insights into the forms and institutions of society, thereby better equipping him for his place in the world.

Miss Robbert points out various territories which eventually became our country.

CULTURES GAINED

Bonnie Draeger and Lauren Archer prepare a conversation for Spoken German.

Miss Elsa Birkner
Chairman of Foreign Language Department

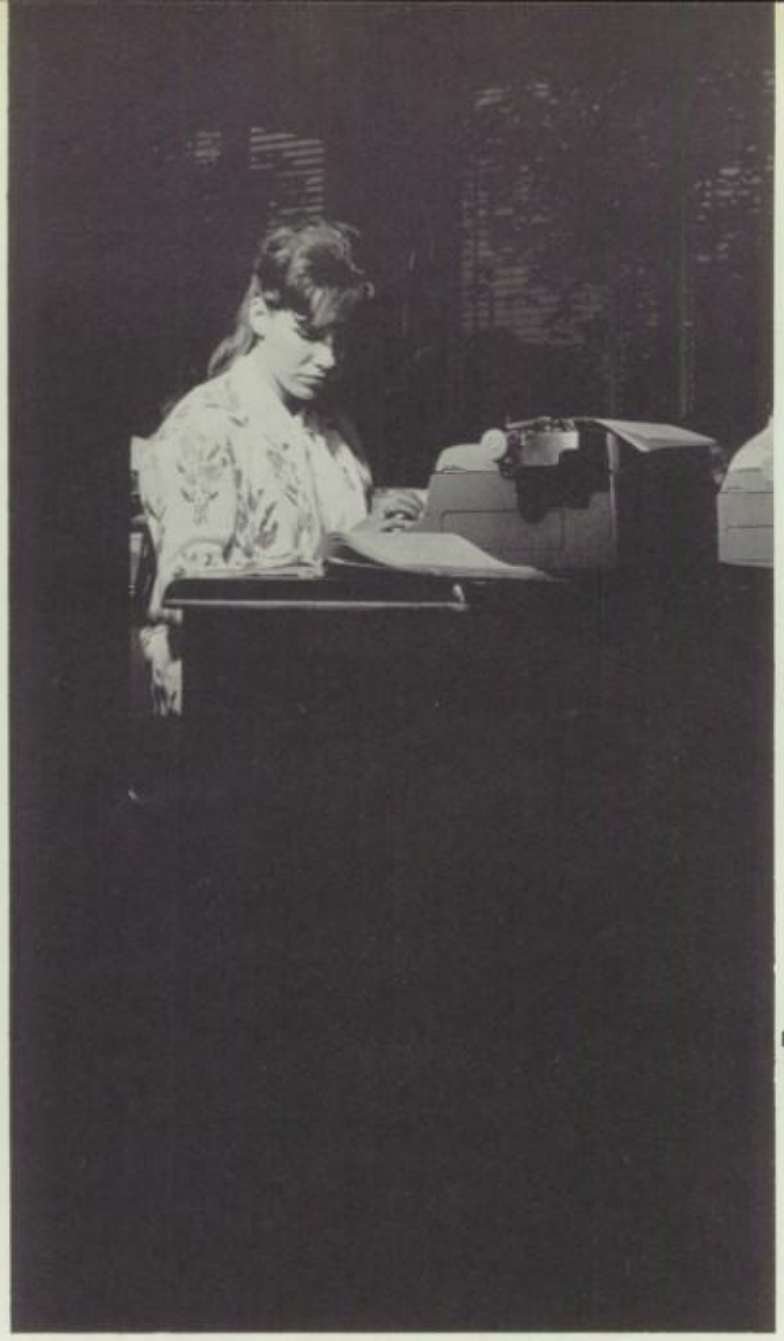


Tim Selke conjugates the various forms of the Latin verb "porto."

The aim of the *Foreign Language Department* is to promote interest in the study of the German, Spanish, and Latin languages. A sense of accomplishment pervades these classrooms as vocabulary, grammar rules, and pronunciation techniques are practiced.

The history and culture of these countries are also taught. New maps were added to this department so that the student can actually see the cities, rivers, and mountain ranges which are the geographical factors affecting the people.

John Schmoldt learns new grinding techniques in the shop.



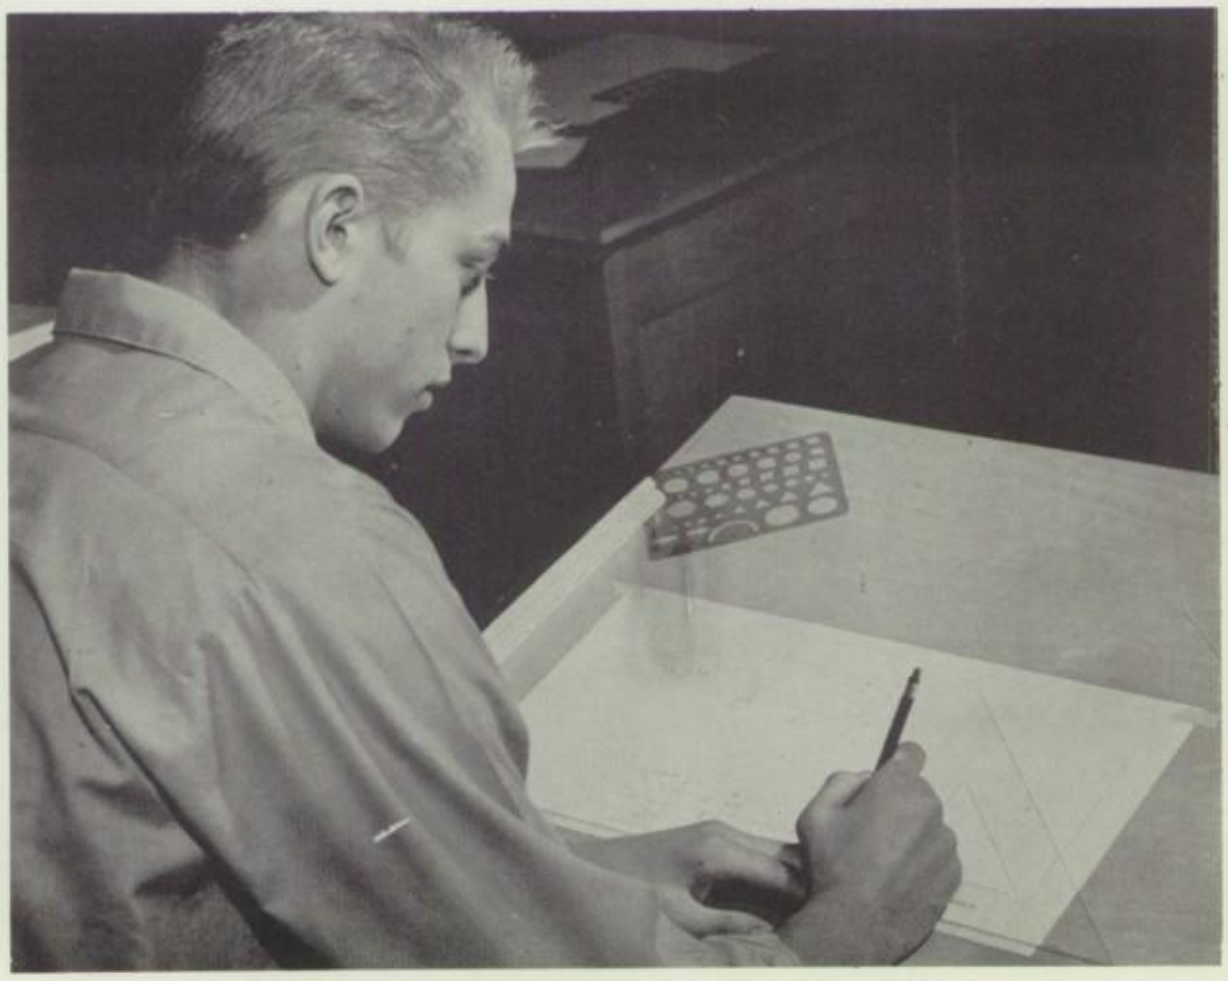
Typing exercises are practiced by Linda Johnson.

Mr. Merle Bettermann
Chairman of Commercial Arts Department

TALENTS FIND

To keep pace with a future in the business world, students are trained in the basic fundamentals of office work. Vocational subjects prepare them for jobs offered by the *Commercial Arts Department* through the request of various business establishments. The department is constantly striving to develop personal skills for potential business work, as well as for use in school.

Mr. Roland Schleusener
Chairman of Industrial Arts Department



Les Majer finds that drafting demands neatness and accuracy.

Mrs. Grace Nyvall
Chairman of Home Arts Department

EXPRESSION

To provide more efficiency, the *Industrial Arts Department* has added two new drawing tables and a new text in basic electricity. Endurance and hard work enables students to make articles for their own personal use while learning a trade for their future lives.

The *Home Arts Department* provides a program for the improvement of personal, family, and community living. New dining chairs were added to the foods section for meal service. Clothing classes are taught the basic techniques of producing and designing garments. Christian habits of stewardship in homemaking and the growth and development of the whole person are strengthened.

Students are able to cultivate their God-given talents in the *Fine Arts Departments.* Creativity and imagination are displayed through numerous art projects featured during the course of the school year. Concerts and weekly chapel offer the opportunity to sing many different types of music. Also, the two senior choirs sang for the "Christmas Around the World" program at the Museum of Science and Industry.

Sophomore Choir enables Joyce Stocker to use her vocal talents.

Mr. Gerhard Schroth
Chairman of Fine Arts Department

Susan Reichold, Sue Wold, Jewel Reichelt, Kathy Jacobsen, and Lois Ann McEuen prepare for a meal.

Darlene Sanger and Rich Starner draw portraits of Mary Skybrock.

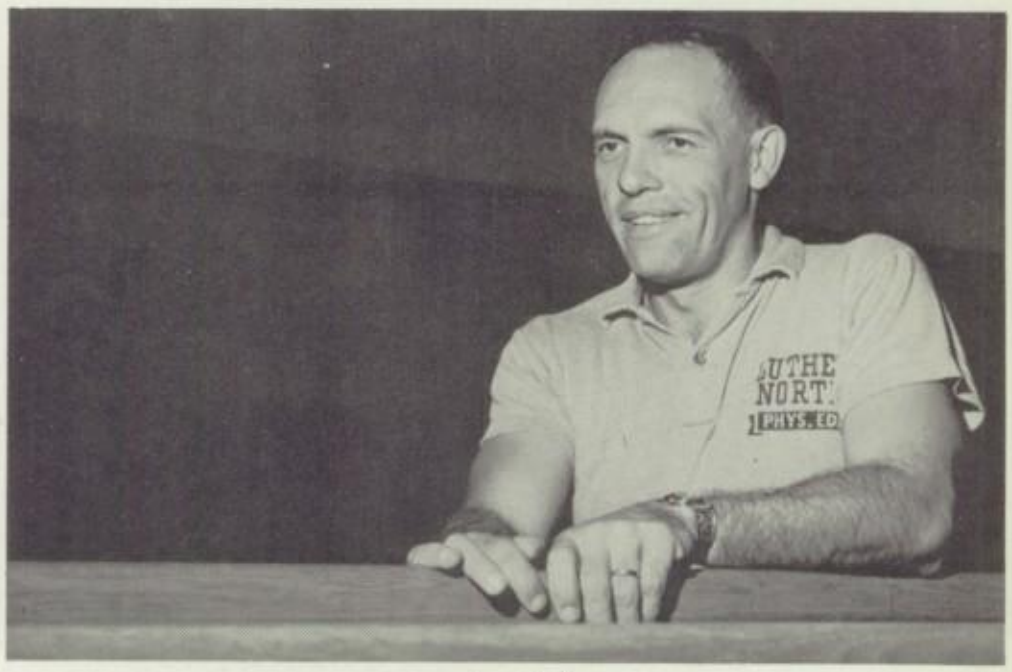
In daily practice, the members of the band put forth a concentrated effort.

PHYSICAL FITNESS PROMOTED

Proper physical, mental, and emotional growth are stressed by the *Physical Education Department.* Class periods are spent learning the basic fundamentals of sports such as basketball and volleyball. At other times, tests on the rules and regulations of sports are given.

A point system was introduced this year which helps to regulate preparation for class. This results in a "citizenship" mark which is averaged into the student's final gym grade.

The aim of this department is to promote interest and skill in physical activities and to aid each student in attaining a high degree of physical fitness.



Mr. Arthur Blecke
Chairman of Physical Education Department

Gymnastics aid Wayne Sitkiewicz in achieving greater physical co-ordination.

STAFF HELPS STUDENTS

The importance of the *Non-Teaching Staff* is often not recognized. The maintenance, office, and lunchroom staffs are constantly at work providing pleasant surroundings, managing records, and preparing healthful lunches. Their work goes unnoticed, and the many chores performed receive thankless recognition, while the work of teaching and administrative staff is more recognized. The non-teaching staff deserves a thanks also.

AS WE GRADUATE

Daily classwork in English, religion, math, and other subjects prepares the senior for graduation, a very important day in his life. Certain events will always be remembered . . . . the day senior passes were issued, the first day in charge of a study hall, and the daily responsibility of being an example to the underclassmen. Experiences gained in class and in extracurricular activities add new scope to the senior's life and give directions to his life after he leaves Luther North.

SENIORS FULFILL

Varied experiences have combined to make our education at Luther complete. School organizations, sports events, parties, banquets, and the constant challenge of the classroom have supplied a basis for future life.

We pray that as we carry out future plans, we will adhere to the Christian doctrines we have learned through study.

Study halls, the Luther Student Life Program, and maintenance of the Senior Room are typical responsibilities of the Senior Class Council. The council, consisting of one representative from each Senior homeroom and the four class officers, collected toys for the mentally retarded children in Dixon, Illinois, and money for Bethseda Lutheran Home.

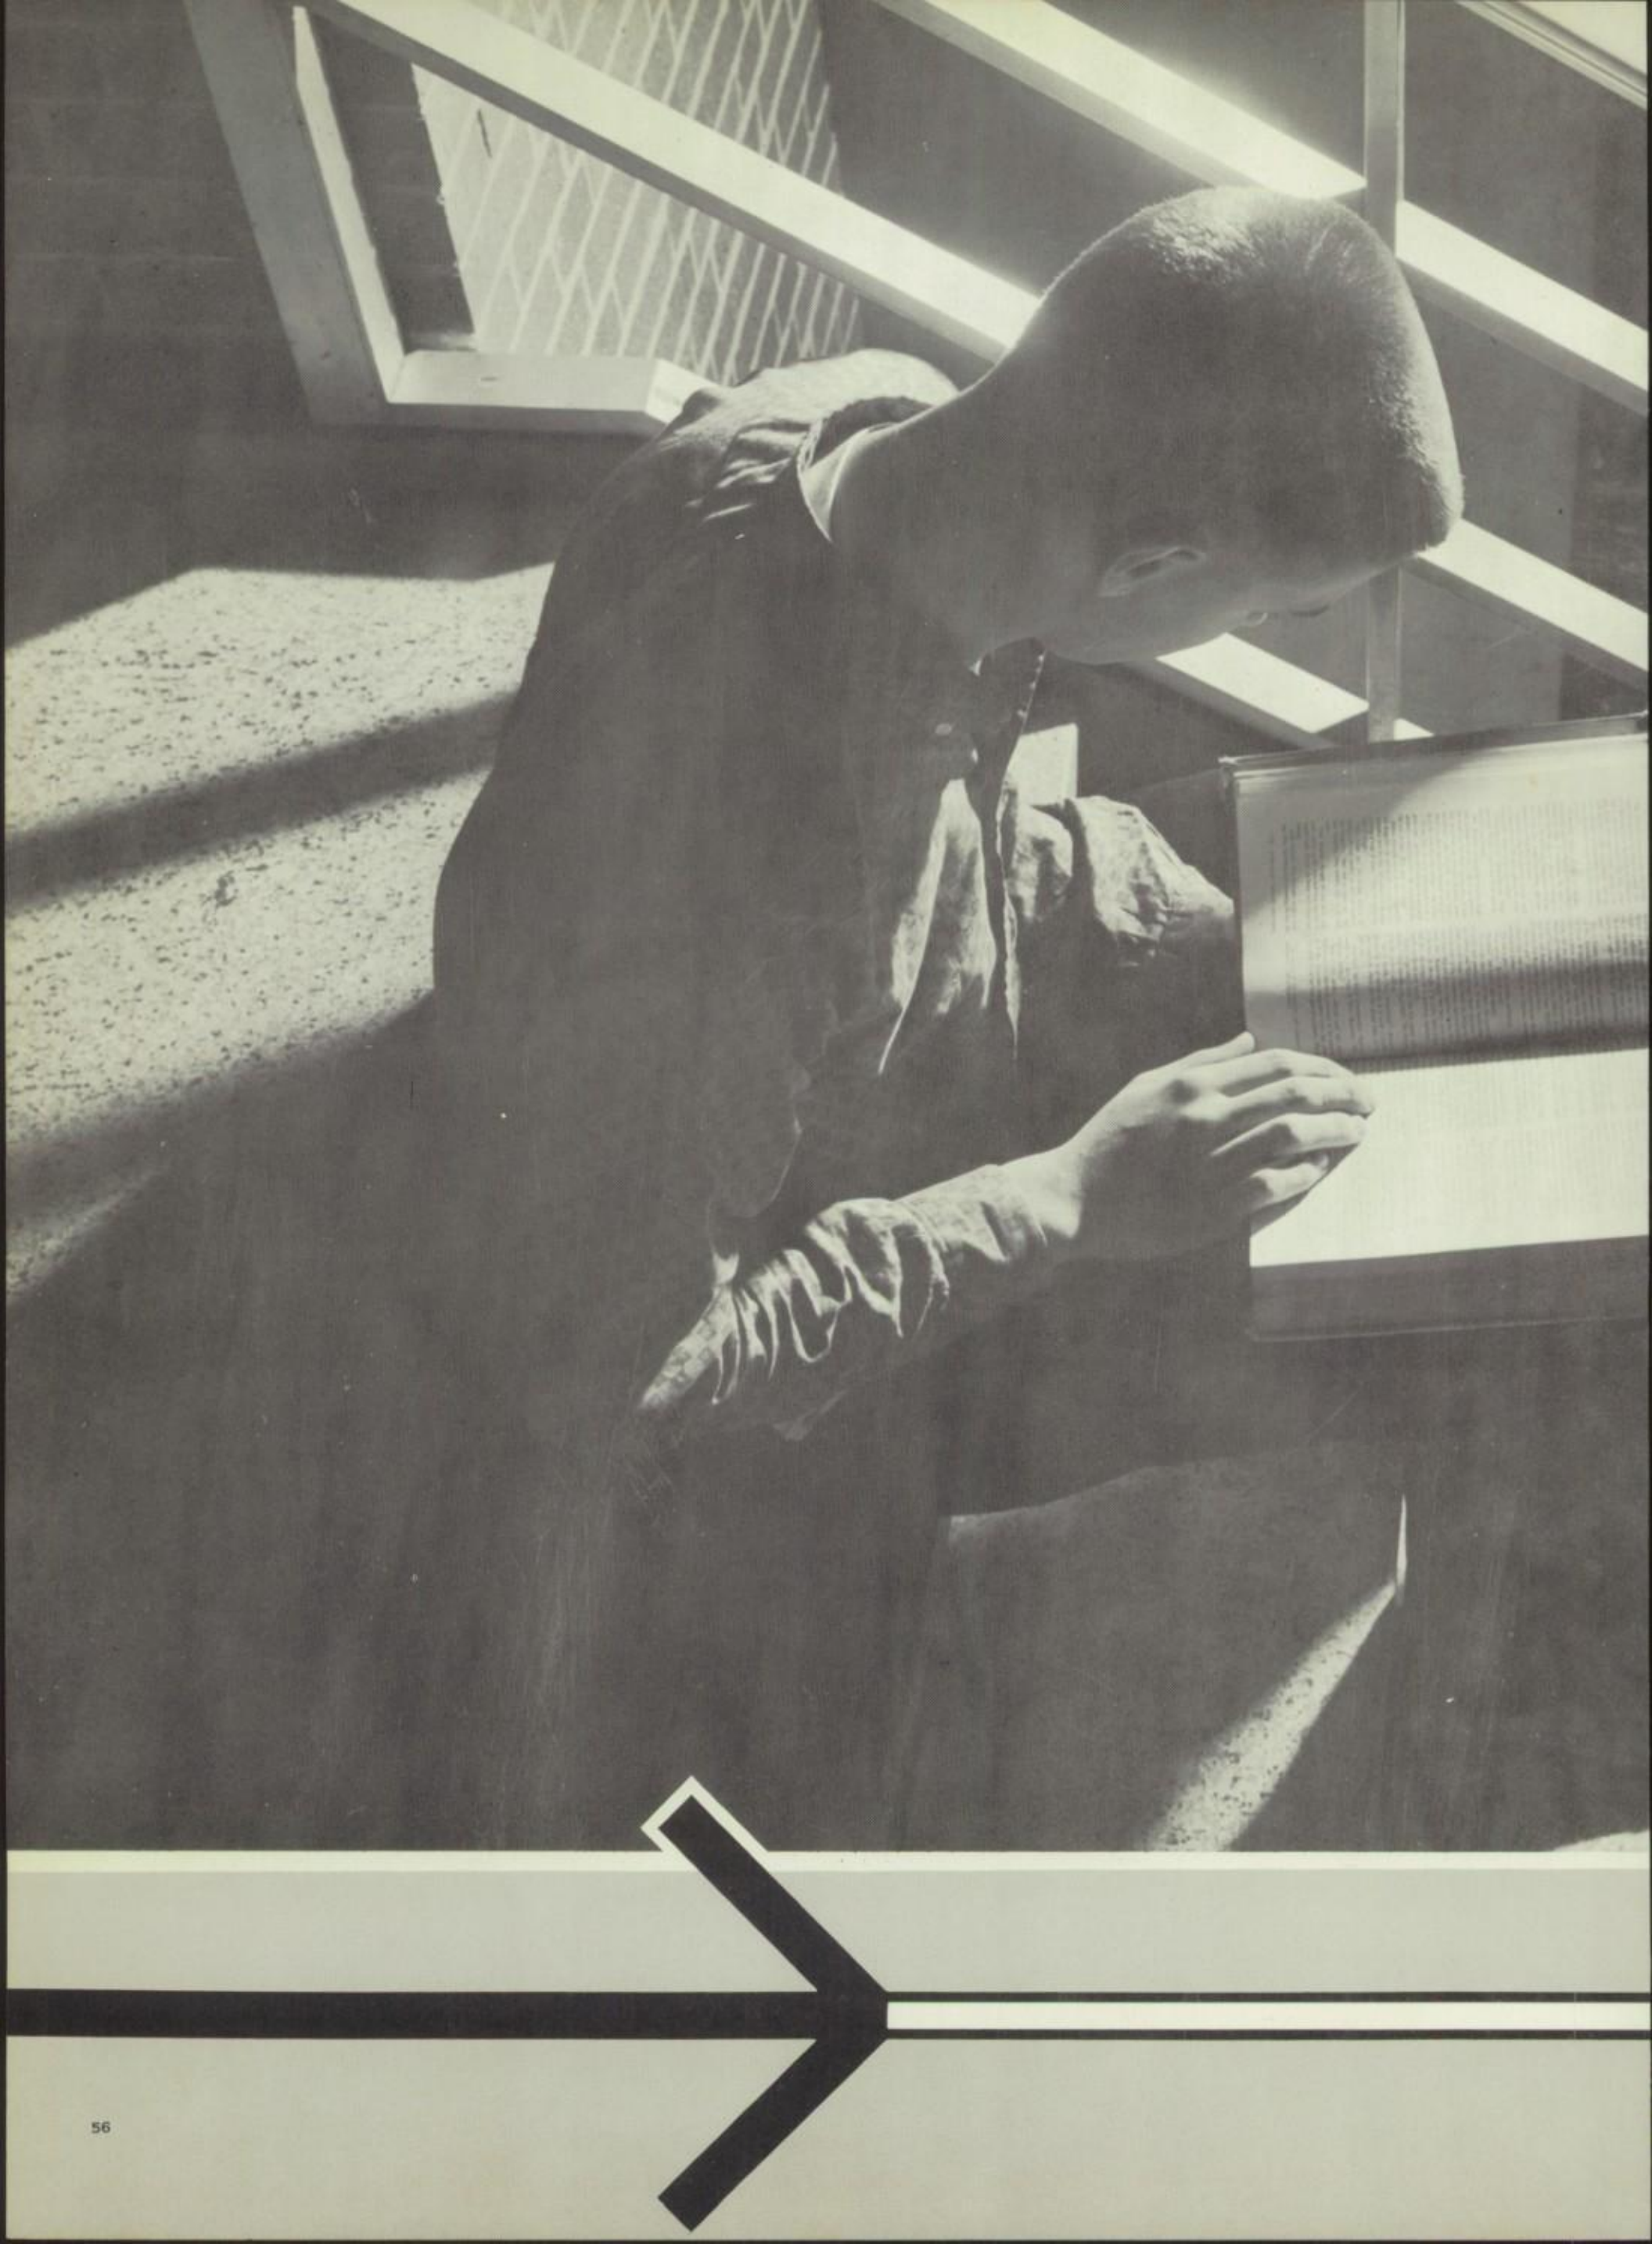
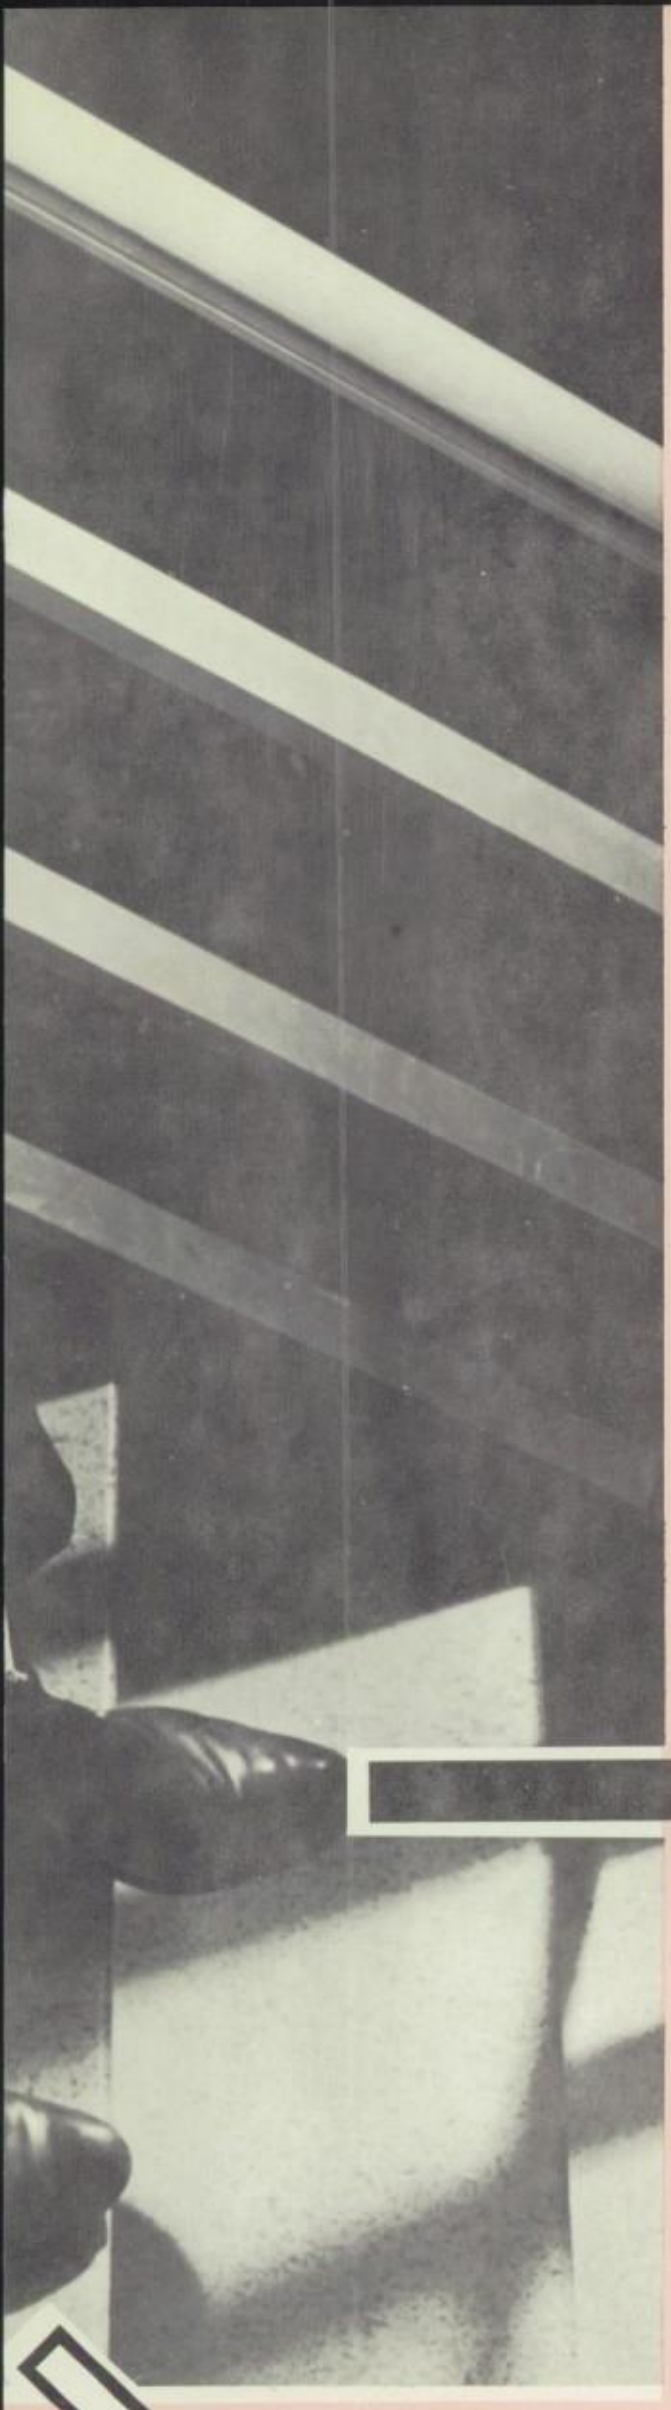
IN MEMORIAM

The Class of 1963 dedicates this space to Ken Bauer, our former classmate, who was called from this life by the eternal goodness of God's providence.

"Blessed is the man who endures trial, for when he has stood the test he will receive the crown of life which God has promised to those who love him."

James 1:12





AS WE ANTICIPATE

Underclassmen develop useful qualities. Freshmen and sophomores become accustomed to high school life and integrate studies and activities into a balanced program. Juniors gain self-confidence and experience in school affairs. Students participate in activities, cram for finals, and form lasting friendships. The end of the year brings lasting memories and directs the underclassmen's attention to their next year at Luther.

Louise Stahl, Secy., Richard Kay Pres., Kyle Harris, V. Pres., Linda VanDanAcker, Treas.

Working on projects, building a float, acquiring the class rings, enjoying the St. Louis trip, and finally attending their first Jr.-Sr. Banquet have been some of the unforgettable events of the past year. Juniors have accepted the responsibilities of upperclassmen along with the privileges. They have learned to work together as a class and to support their school.

With the huge task of producing and financing the Jr.-Sr. Banquet, the Junior Class Council enthusiastically set out to lay plans, form committees, and raise funds. They soon organized a paper drive, sold flip dolls, and sponsored a Tri-Hi Roller Skating Party. Under the direction of the council, the Junior Class was able to create a memorable banquet.

SOPHOMORES EXHIBIT POTENTIAL

Pat Galvin, Treas., Margie Haag, Secy., Dennis Freres, V. Pres., Ron Surmin, Pres.

Receiving homecoming float awards for two years, choosing the Frosh-Soph Basketball Queen, and winning the Private School League football championship are only a few of the significant events sophomores will long remember. After completing half of their secondary education, they have gained much experience in working together, and have developed strong school spirit. They now look with anticipation to the challenge they will face as upperclassmen.

On November 30, the sophomore class party was held in the cafeteria. This enjoyable evening was made possible by the preparation of the Sophomore Class Council. The council is also a place to voice opinions and ideas and furnishes valuable experience to its members.

Exuberance is shown by Betty Ryden, Frosh-Soph Basketball Queen, as she receives roses from Jane Lehmpuhl, last year's queen.

Jeffrey Burkart, V. Pres., June Nelson, Treas., Julie Nelson, Secy., Ronald Raschke, Pres.

Different classrooms and teachers each period, new subject matter, corridor passes, school clubs, and parties are all part of the "different world" that freshmen entered last September. New friends were made, activities were enjoyed, and school spirit was developed as they became accustomed to high school life.

Some were able to take part in school organizations such as the Freshman Class Council, which provided an outlet for students' views and shared the plans for the Frosh-Soph basketball party. Participation in these school affairs helped them acquire self-confidence and added enjoyment to their first year.

AS WE PARTICIPATE

Every two weeks a group of students can be seen after school eagerly planning the next project for the National Honor Society. The same enthusiasm that is demonstrated at these meetings is also shown in the other organizations at Luther, whether it be the Art Club making marble jewelry, the R.A.C. creating favors for "Venezuelan Venture for Christ," or the Student Council collecting Pepsi-plus caps. As students take part in the many organizations available, they gain responsibility and experience, have fun, and direct their talents to paths where they can be utilized and expressed.

Janet Krock and Wilfred Jannusch, members of the Student Council, make frequent locker checks which aid in keeping the school clean.

With the guidance of Mr. W. Hartkopf, Sherrie Travis and Tom Schroeder check activity value cards.

LUTHER STUDENT LIFE COMMITTEE: **Seated:** Mr. W. Hartkopf, Advisor, D. Hempfing, J. Fiedler, Secy., M. Ziegner, Pres., M. Plennert, B. Schumacher, C. Hagen. **Standing:** A. Plennert, W. Griggs, L. Klotz, V. Pres. **Absent:** M. Dasler, J. Klein.

The *Student Council* represents the student body and acts as a bridge between the faculty and the students. Any student at Luther is eligible for the council after nomination and approval by the faculty. A total of eighteen members are chosen from their respective classes, who are constantly at work finding new ways to serve the school and the students.

The council administers all matters pertaining to the welfare of students. They accomplish this by the many activities they undertake each year. One outstanding project this year was Homecoming; one hundred dollars of the profits was donated to the English department for the purpose of buying tapes and records. Other activities included: parties, such as the Frosted Fantasy and Spring Fling, Freshman Orientation, and assistance in fall registration. A special contribution this year was the collection of "plus caps" for the purpose of raising funds to redecorate the Meditation Chapel. Homeroom door decorations at Christmas, a collection for the March of Dimes, locker checks, parking, and the Student Handbook were only a few of the responsibilities that they assumed for the student body.

An effective government is important in any society. Our Student Council has proved itself outstanding in every aspect.

GOVERNMENT FORMS BASIS OF STUDENT LIFE

Underclassmen often find it difficult to co-operate with the many regulations. Violation slips are given for failure to do so. The *Luther Student Life Committee* was designed to counsel students in correcting their particular violations. Nine permanent members are chosen by the Senior Class Council on the basis of responsibility and scholastic standing. While the seniors are taught responsibility, underclassmen are able to speak freely and give their own opinions on the violations. This is intended as a means of helping the student realize that breaking a minor rule is a major offense.

A Christian attitude is at all times applied. Although the LSL program has only been in effect a few years, it has proved to be an excellent method for student body organization.

YEAR'S EVENTS

The 1963 *Log Staff* spent countless hours co-ordinating their resources with those of many different people: photographers, artists, teachers, patrons, and students. Basic plans for the *'63 Log* were laid in a series of meetings during the summer of 1962. Staff members learned the fundamentals of yearbook production, began organizing ideas, and were informed what their jobs involved. Two junior "apprentices" and two extra senior members were added to the staff this year, but even so, the task seemed insurmountable.

As the school year began, patron and subscription drives were prepared and many problems were overcome. After weeks of thought, a theme was chosen and a cover designed. Schedules and deadlines, with their accompanying exasperations, became common experiences. Photographers were secured, copy was written, and advicewas sought.

Excitement and enthusiasm mounted as proofs were returned and ideas could be seen in print. Finally, with every phase of work complete, the *1963 Log* was presented to students and faculty and the '62-'63 school year was recorded for posterity.

P. Lorenz, Publicity Manager, S. Colburn, B. Fricke, M. Petersen, Business Managers.

If a news item about Luther North is found in a newspaper, there is a good chance that a member of the *Publicity Staff* was the author. This staff is constantly sending articles about the school and its activities to newspapers, expecially those in the neighborhood. In this way, the school's name and its achievements are made known to the people of the community.

CIRCULATION STAFF: D. Birkett, E. Borgardt, C. Moore.

Every month students anxiously read the *Blue and Gold,* the school newspaper. Each edition contains feature stories such as the "Senior Spotlight" and "Big Man on Campus", news articles about club activities, and sports coverage. Additional editorials, extra articles concerning student activities, and the comic strip "Peanuts" were added this year.

Often students fail to realize the long, tedious hours of work behind the finished product. Staff photographers work throughout the school year snapping photos of games, students, and school events. Articles are written, proofread, and typed by the other staffs. Editors thoroughly check proofs, and finally the circulation staff delivers the paper to students and faculty.

SERVICE CLUBS

Junior and senior girls rendered valuable service to their school through the *Girls Service Club.* The G.S.C. sponsored several new and original projects in addition to activities such as Bermuda Day, intramurals for girls, and service at school banquets. A high point of the year was a reunion of graduates who had been members since the organization's beginning in 1958. A very unique party, "Mardi Gras Mummerdom," at which students were encouraged to wear costumes was also given, and for the first time, funds were collected for UNICEF.

The twenty-one energetic members of the *Key Club* undertook to fulfill their objective of serving the school, community, and God in countless ways. The Club helped to beautify chapel services by furnishing flowers for the altar. These were donated to Lutheran General Hospital after each service. A convention was held by the district in April at the Edgewater Beach Hotel

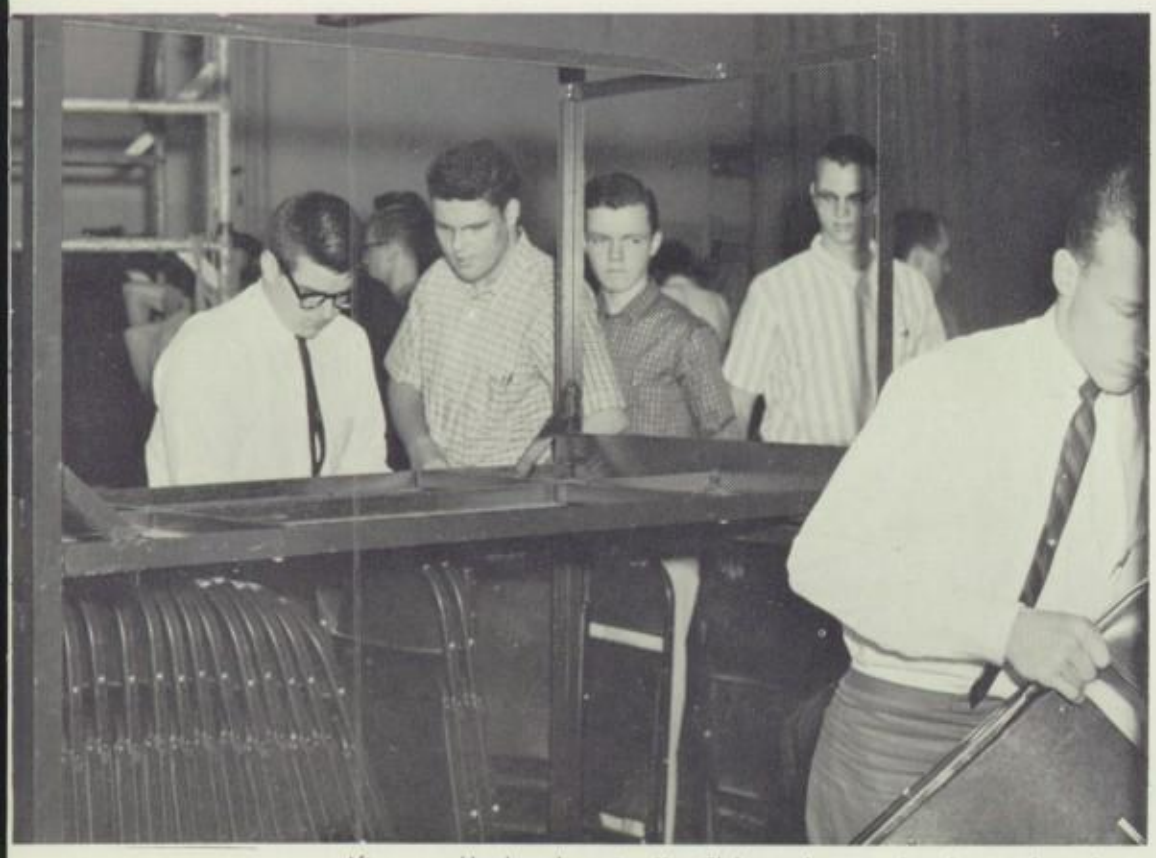
and offered members an enjoyable and valuable experience. Their many noteworthy projects also included fund-raising for the American Cancer Society and for television station WTTW, checking coats at school functions, and providing school improvements through candy and magazine drives.

High academic standing, character, service, and leadership are qualities of a *National Honor Society* member. Juniors and seniors with these traits and a grade average of 1.5 are eligible for membership when approved by the entire faculty. Sophomores meeting the requirements are accepted on a probationary basis. Members received their pins at an induction ceremony featuring several excellent speakers. Through a special sale of Valentine cards, the society club was able to offer a deserving student a scholarship at the end of the year.



After a weekly chapel service, Key Club members can be seen stacking chairs.

STUDENTS SERVE

The main office is a busy center of school operation. It is here that girls on the *Office Staff* answer the telephone, extend aid to visitors, and help the school by filing and typing.

Visitors to LHN are directed to the office by *hallguards* who also ask for hall passes, deliver messages from the office, and collect absent slips.

EFFECTIVELY

As a student enters room 200, he sees shelves full of books which the *Library Staff* keeps in order. Their job also consists of checking out books, filing cards in the card catalogue, and saying "shh" when any disturbing noise is heard. Library assistants willingly give up their time to aid the student body at LHN.

As a hallguard, Sue Wilson studies between duties of collecting attendance slips and checking corridor passes.

Athletes who have excelled in varsity sports may continue serving their school through the *Lettermen's Club.* This year, the club assisted at home basketball games by selling refreshments and ushering.

Letter sweaters are awarded to any senior member of the club who has earned two letters in one sport or one letter in three different sports. All lettermen wear their sweaters to school on a special sweater day held on the first and third Friday of the month.

Their main social event took place on March 15. At this time the senior members initiated new "flunkies". In place of the after school program, a party for all members and their dates was held.

"You make the baskets, we'll make the noise!" cheer the members of the *Pep Squad* at an exciting basketball game. This year the members were more active, ushering at games, keeping spectators off the gym floor, and making booster signs. They furthered school spirit by attending the home games and supporting our teams.

Acting in plays, working on the stage crew, or joining committees are requirements for becoming a member of the *National Thespian Society.* Luther thespians who work at least one hundred hours at these activities are eligible to join this society.

Sharon Puls and Betty Kauke make programs in preparation for the R.A.C. Banquet.

"Venezuelan Venture for Christ" was the theme of this year's *Religion Activities Club* Banquet. By its tract mission and "paper peach corps," in which all types of religious literature were collected, the club strove to advance the work of the Church. A new project was the sponsoring of speakers to tell students of opportunities in church vocations.

"Do plants grow at different rates when stimulated by various types of music?" was only one of the puzzling questions examined by the members of the *Science Club*. Other projects, such as the growing of crystals, offered juniors and seniors an excellent chance to increase their scientific knowledge.

The *Biology Club* enabled additional science-minded students to probe the orderly world of nature. Dissections, field trips, and discussions enlarged the scope of student's interests and abilities.

The only school club formed exclusively for the enjoyment of an outdoor activity was the *Equestrians*. Students gained skill and had fun on club-sponsored rides. Information about the various breeds of horses, types of equipment, and other aspects of the sport were also learned at the meetings.

Faculty members were given a chance to compete with students in two pleasurable nights of faculty-student bowling sponsored by the *Bowling Club*. On Wednesday afternoons after school the thirty-nine members enjoyed themselves at the Irving Park Lanes as they gained proficiency for the Private School League tournament.

Resonance, relaxation, blend, unison, and tone are all a part of the vocabulary which a member of the *A Cappella Choir* learns. Knowledge which the members gained during fourth period each day was used when they performed at the Museum of Science and Industry, at the three concerts, on tour, and in chapel services. They were a great credit to Luther as they sang praises to God.

Nineteen members of the A Cappella Choir were chosen to be *Luther Singers.* This is the group that rehearsed at 7:40 A.M. in order to learn music for special occasions such as singing for the faculty, Ladies Auxiliary, student body, as well as for churches in the area.

During third period each day the music room is filled with ninety-eight junior and senior girls who are members of the *Girls Choir.* These girls concentrate on vowel production, balance, and blend while having fun singing a variety of songs. Besides their other performances, the Girls Choir can often be heard on Wednesday morning giving praise to the Lord by singing at the chapel service. Their singing adds much to Luther's music program.

While attendance was being taken and music was distributed, the *Sophomore Choir* began another rehearsal. Concentrating on improving choral techniques, the sophomores used their musical talents to beautify chapel services and to participate in concerts. Never to be forgotten were their renditions of "The Night Before Christmas" and the "Agnus Dei."

On Wednesday, February 20, one-hundred-twenty excited freshmen made their singing debut. Uniting their voices in the traditional "O God of Youth," the *Freshman Choir* experienced the thrill of publicly singing their praise to God. With enthusiasm they learned basic choral techniques and sang their first concert at L.H.N.

BANDS

Standing outside the music room during sixth period, a student might hear the *Concert Band* diligently practicing "The Battle Hymn of the Republic." This is only one of the numbers which the band performed when playing songs at the Christmas concert, at its March concert, "Here Comes the Band," and at special assemblies.

Another band at Luther is the *Beginners' Band* which is composed of new students interested in music. They work hard in order to become proficient in the playing of their instruments.

Twirling batons and marching feet were seen as the *Majorettes* performed during the half-time of the basketball game on February 15. The majorettes were asked to represent Luther in the Memorial Day Parade down State Street.

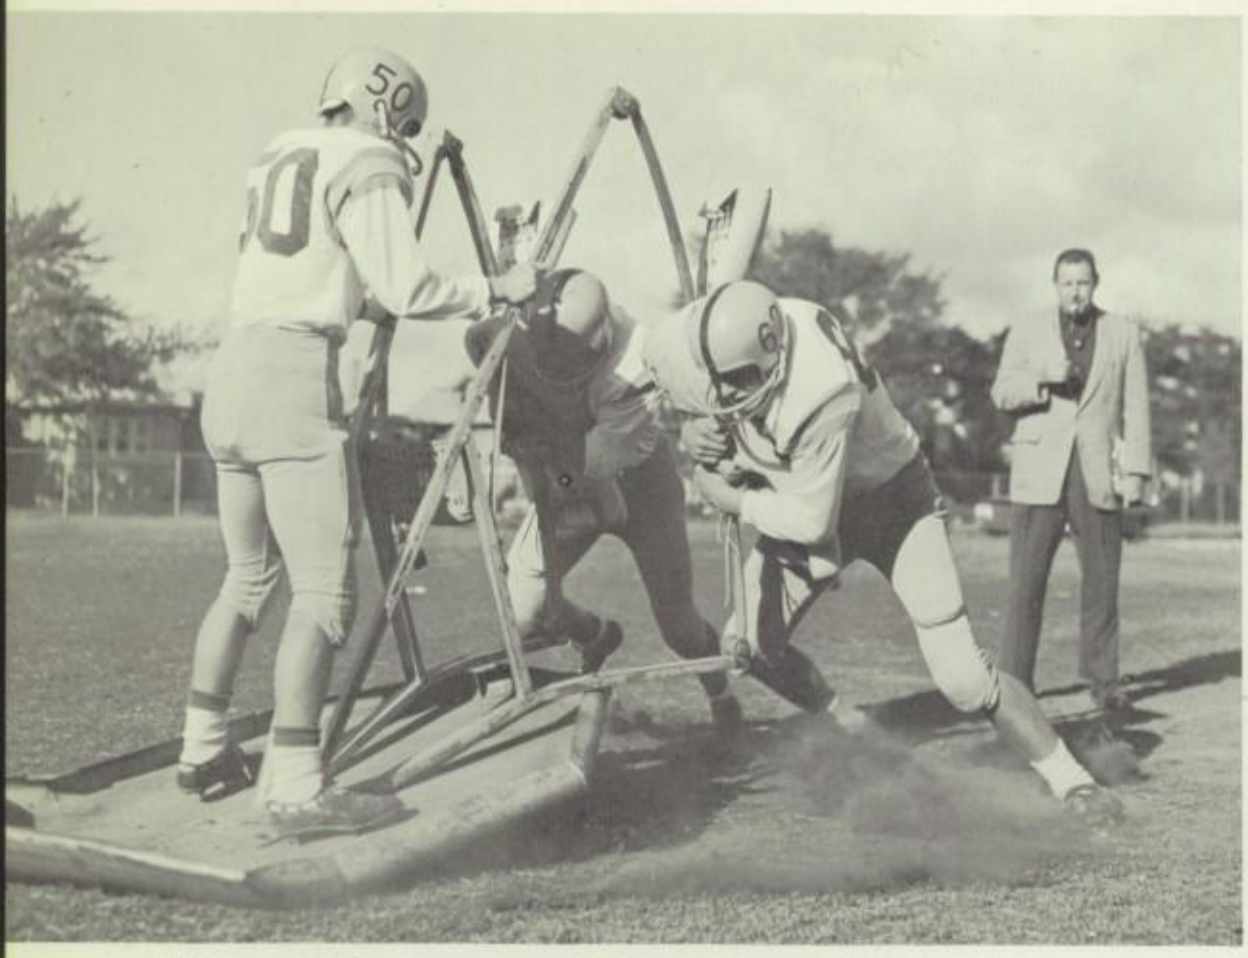
AS WE COMPETE

Another touchdown brings a twelve to six victory to Luther North as the members of the football team work together and co-ordinate their skills. The golf team concentrated on improving its putting and long drives over the golf course during practice sessions. In order to build up their endurance the members of the track team can be seen training for increased speeds and greater distances. Whether it be the basketball team, the tennis team, or the baseball team, it is only through practice that the members become skilled in their sport and are able to play their best and direct their energies to bring honor to their school.



Bill Grenzebach, Dennis Zarnt, and Bill Schiemann practice blocking as Coach Schleusener gets ready to stop the drill.

Les Majer drives for a few more yards as another Morgan Park tackler moves in.

CATS MEET TOUGH SEASON

Luther's starting squad: linemen, T. Feid, W. Glisson, J. Fitzpatrick, M. Plennert, D. Zarnt, W. Schiemann, W. Grenzebach, backfield, P. Vandlik, T. Suddeth, C. Lohrentz, L. Majer.

Suspense and excitement confronted football fans this year, as Luther North narrowly missed winning the Private School League Championship. With the help of coaches Blecke and Seevers, head coach Schleusener prepared the *Varsity Football Team* to meet challenging competition. Quarterback Carl Lohrentz punted a total of 957 yards, setting a new school record of 35.5 yards per kick. His passing, together with the ball-carrying of Les Majer and the hard-hitting tackles of Captain Bill Schiemann and Dennis Zarnt, helped the Wildcats gain 1498 yards. Despite a lack of size and speed, the Wildcats put forth a tremendous effort and lived up to their name.

Several players were honored by selection for the All Private School League Team. Carl Lohrentz and Tim Feid were elected to the first string, with Les Majer, Bill Schiemann, and Dennis Zarnt on the second string. Ed Eckhardt and Terry Suddeth received honorable mention.

FROSH-SOPH

For the second consecutive year, our *Frosh-Soph Football Team* won the PSL Championship. This was accomplished under the capable direction of the new coach, Mr. E. Lischewski, and with the assistance of Mr. R. Berning.

In a pre-season game, De Paul beat Luther 20-6. Through this exhibition game, the team learned of their mistakes. During the following daily practices, the team worked hard to improve their weaknesses.

Within the next five games the team scored 13 touchdowns, 3 safeties, and 3 extra points, for a final total of 87 points. Defense allowed only 33 points to be scored against Luther.

The team was composed of three units: the Gold, Blue, and Kickoff. Before each game, Coach Lischewski chose a captain, thereby giving certain players an opportunity to lead the team. Ted Kautz was considered to be the Most Valuable Player of this season by his teammates. The team completed the season with an undefeated League record.

WINS PSL

Learning old and new cheers from their coach Miss M. Brower, were necessary elements in developing the *Frosh-Soph Cheerleaders.* Hours of diligent work and all-out effort are evidenced in their display of showmanship. Knowing the leadership they have, Luther has much to look forward to in the future.

Seven enthusiastic *Varsity Cheerleaders* helped to boost the morale of the students during the past school year. Under the leadership of Miss M. Brower, hard work and constant practice after school made the team well co-ordinated. The squad encouraged school spirit through pep assemblies and games.

STRONG REBOUNDING AIDS

Cheering crowds experienced tense and exciting moments in the many close games of the 1963 *Varsity Basketball* season. Strong rebounding was a vital asset to this year's team as they fought through a tough and highly competitive season, finishing with a league record of eight wins and five losses. Under the leadership of Coach Blecke, the Wildcats pulled down a total of 1053 rebounds and sank 376 free throws for a fifty-nine percent average. A shooting percentage of .40 enabled the Wildcats to tally up a total of 1416 points to a close total of 1412 points for their opponents. Bill Schiemann, Jack Beutlich, and Dick Briars co-ordinated their shooting skills to gain a total of 875 points. Honors went to Dick Briars who made the All League Team, and ended the season with a new school record of 443 points. The Wildcats achieved third place in the Private School League.

As spring came to the city, members of the *Frosh-Soph Track Team* were hard at work practicing for their first meet. With the help of coaches Everly and Offermann, the team gained valuable coordination, and completed a successful season.

In only its second season as a varsity team, the *Cross Country Team* placed second in the P.S.L. tournament and third in the League. The team won three meets and lost two. Captain Don Elitt set an LHN record running 1.9 miles in ten minutes flat.

With a record of ten wins and seven losses, the *Frosh-Soph Basketball Team* completed a good season. The team scored a total of 760 points. Captain Pat Samack set a new precedent for Luther by both leading in scoring and being chosen "Most Valuable Player" for two successive years. Samack also led the team with 32 assists and 101 rebounds.

Luther's *Freshman Basketball Team* had a successful season of seven wins and only one loss. Outstanding members of this year's team were Steve Orchard who was chosen as "Most Improved Player", and Dave Urlaub, who led the team in scoring.

GOLF AND TENNIS

Utilizing the skill of a returning letterman, Don Benziger, Mr. D. Kolzow set out to coach the eleven boys of the *Tennis Team.* Many hours of after school practice at the Portage Park tennis courts helped the team develop the co-ordination and control needed for their Private School League matches. The boys met fast action and tough competition during a total of ten PSL meets.

White Pines Country Club marked the location of the *Golf Team's* practice sessions. Coach Schleusener built a strong team around the experienced core of returning golfers, which included letterman Marty Gannon, captain of the team. By stressing accurate driving and putting while constantly striving for lower scores, the team completed a highly competitive season.

BASEBALL TEAM

Hope for a big rally is reflected in the face of Ralph Swearingen.

Determination appeared on the faces of the baseball team as they defended the championships Luther had won in the previous years. The team members practiced at Portage Park. Two All-Conference players, Carl Lohrentz and Jim Klein, added strength to this year's team. During practice games, the team gained experience which was climaxed by winning their season opener against North Park with a score of 9-0. The team continued to add victories to the score sheets during the remaining games. Their opponents included Walther, Luther South, North Park, Wheaton, Latin, Chicago Christian, Timothy Christian, and Morgan Park.

TRACK PROVES

With patches of snow still on the ground, eighty boys started to get in shape for the track season. After the final cuts had been made and the team roster was posted, coaches Everly and Offermann concentrated on developing strong skills in every event. Endurance and stamina were shown by runners Don Elitt in the half mile, and Ted Kautz in the quarter mile. Larry Surmin demonstrated speed in the dashes, with Ken Carlberg excelling in the broad jump. Special stress was put on hurdling and pole vaulting since the team had no experienced boys in these events. Through daily workouts in exercises and weightlifting, trackmen gained the proficiency and self-reliance necessary to meet their challenging opposition.

STUDENTS CREATE COMPETITION

Intramural team members enjoy a rough game.

Every Thursday evening for five weeks during February and March, the Girls Service Club sponsored Girls' Intramurals. Girls from all classes experienced homeroom competition in sports. Each session lasted for two hours with Miss M. Brower and Miss J. Schroeder as directors.

During this time the girls tried unusual stunts on the equipment. Senior and junior homerooms were matched in volleyball, as were the freshmen and sophomores. Senior homeroom 217 and sophomore homeroom 21 finished as champions.

Boys' Intramurals enabled many to participate in sports activities. These boys met every Monday and Wednesday night during the winter season, for a full evening of baeketball and badminton. Jerry Williams excelled in badminton. Tom Reiner, a sophomore, with 196 points, and Ralph Swearingen, a junior, with 116 points, were high point men in baeketball. Sophomore homeroom 21 gained the championship in basketball, and homerooms 205, 214, and the Music Room won in the junior and senior division.

In the spring, teams were again organized for competition in track and softball, sponsored by the Student Council and the P. E. Department.

AS WE ASSOCIATE

Seniors remember the fun experienced on their trip to Washington as the juniors reminisce about their trip to St. Louis. Underclassmen remember the excitement of the Frosh-Soph party and the crowning of their queen. The twelve to six victory over Walther brought to a climax the Homecoming festivities. The fashion show, gym show, and dramatic productions added to the list of 1963 activities at Luther. In June of 1963, each student can direct his thoughts to the fun gained as he joined in the school parties and other school activities.

After the Homecoming show, Bev displays the Homecoming Queen Award which symbolizes the honor bestowed upon her by the student body.

As spotlights singled out the words "North Side Story," latecomers rushed to their seats and the 1962 *Homecoming* show began. Songs such as "Dear Coach Schleusener" conveyed the idea that Luther was out to beat the Walther Broncos.

Tension mounted as the cheerleaders led alumni, parents, and students in cheering the football team to greater efforts. Then Ellen Wischmeyer, Student Council president, announced the four attendants. With tears in their eyes and smiles on their faces, they were escorted to their thrones. A hush fell over the crowd as the last envelope was ripped open, and screams of delight were heard as Bev Schumacher was crowned queen.

On Saturday, Queen Bev led the Homecoming parade as she and her court waved to the spectators. Each of the four classes entered a float, but the superior talent and energy of the Sophomore Class enabled them to win first prize. Following the parade, alumni exchanged the latest news while attending the alumni brunch sponsored by the Student Council.

Spirits were high as spectators awaited the kick-off of the varsity football game. The Wildcats broke through the Broncos' defenses to score two touchdowns as students let loose gas-filled balloons, threw bags of confetti, and jumped for joy. When the final minutes of the game were completed and the score stood twelve to six, jubilant students proceeded towards home after a successful Homecoming weekend.

Bev Schumacher begins her reign as queen as she is crowned by last year's queen, Gail Leeny.

The senior float provides a fitting setting for the Homecoming queen and her court: Barb Reiter, JoElyn Jones, Karen Bobeng, Cindy Rehberger, and Bev Schumacher, queen.

Contributing to the theme of the party, "Frosted Fantasy," June Nelson is seen as an Eskimo.

As the audience applauds, the cast takes its final curtain call.

Lights dimmed, a hush fell over the audience, and the curtain parted as the first performance of the play "Arsenic and Old Lace" began. Faculty, students, and visitors alike were entertained by this comedy. Miss Rita Raabe was the able director.

November 5 marked another exceptional fall event. Five teachers who had each served the Church for twenty-five years or more were honored in a testimonial dinner. The teachers were: Mr. G. Derer, fourty-three years; Mr. M. Duensing, thirty-five years; Mr. H. Meier, thirty-four years; Mr. H. Becker, twenty-five years; Mr. W. Hartkopf, twenty-five years.

The arrival of 1963 and the second semester brought many new faces—twenty-four new students and a new faculty member. While the new students adjusted to perennial problems, Mr. J. Hanke set out to become an asset to Luther through his classes in office practice, general business, and bookkeeping.

NEW FACES AND EVENTS

New Students: **Front Row:** S. Hudzenko, L. Powell, J. Horst, J. Morris, C. Tongate, K. Caldwell, W. Locke, J. Knudsen, E. Clauson, S. Swing, S. Blumberg. **Second Row:** J. Boehlje, J. Dianis, R. Allred, F. Susebach, L. Hamersley, B. Ongemach, K. Meyer, S. Kellogg, B. Geier, G. Lenzey, P. Webb, J. Umlauf, M. Farrell.

Teachers, Mr. G. Derer, Mr. H. Becker, Mr. M. Duensing, Mr. H. Meier, and Mr. W. Hartkopf, who were honored for their many years of service to the church, receive a student body gift from Ellen Wischmeyer and Mark Dasler, Student Council members.

A new teacher, Mr. J. Hanke, was added to the Commercial Department in January.

"Mardi Gras Mummerdom," prompted many students, such as Micheline Girardin, to wear costumes.

An all-school party seemed just the thing to break the monotony of the long winter so on February 16, the G.S.C. sponsored "Mardi Gras Mummerdom." Lutherites, many in costumes for the Mardi Gras season, saw the gym transformed into the French Quarter of New Orleans.

Another event on Luther's winter schedule was the annual frosh-soph basketball party, "Bossa Nova Bounce," which brought freshmen and sophomores together in the cafeteria on February 22.

Produced by a joint effort of the Student Council and the four Class Councils, the first Talent Show in a number of years was presented to the student body on successive Wednesdays, March 13 and March 20. Singing, dancing, instrumental soloes, a pantomine, and a one act original version of "Little Red Riding Hood" provided good entertainment and an opportunity for students to exhibit their talents.

A "standing-room-only" crowd cheered wildly as the Faculty battled the Fathers in the most unusual basketball game of the year. Riding donkeys, the team played a five period game. As the buzzer sounded, ending the game, the score stood Faculty 32, Fathers 20.

When a boy wearing a burlap sack, long underwear, grandma's Easter bonnet, and a chain around his neck comes trudging down the corridor, no doubt it must be *Lettermen's Initiation Day* at Luther. After living through a day of silence and servitude, the new lettermen celebrated by attending a school party for lettermen only.

With talented actors and actresses attending Luther, assembly periods need never be dull. A one-act play, the "Leader of the People," was presented during two assembly periods this year, once for the freshmen and sophomores, and another time for the juniors and seniors. Superb acting in a realistic staging added up to twenty-five minutes of good entertainment.

"Bridge to Fashion" marked the tenth anniversary of the annual fashion show given by the Ladies Auxiliary. To celebrate this occasion Lee Phillip, radio and television star, was engaged as a commentator. The ushers and usherettes, dressed in costumes, contributed to the oriental theme.

"Our Town," Thornton Wilder's famous play with its theme on the meaning of life, was presented on April 26, 27, and 28 by the Thespians under the direction of Miss R. Raabe. The production climaxed a season of intense activity.

After much difficult practice to develop coordination and precision, the Physical Education Department presented the *Gym Show.* For several weeks students worked to refine their presentations; and the final result was an evening of excellently performed gymnastics, volleyball, and girls' basketball.

Seniors arrived in Washington D.C. on Monday, April 15, ready for interesting sight-seeing. The long planned and anticipated tour guided them through such points of interest as the White House, Lincoln Memorial, and the city of Williamsburg. After five active days, the group returned to Chicago with a clearer idea of the functions of government, and memories of a wonderful experience.

Bermuda Day encourages Jill McComick, Chuck Elter, and Sharon Mace to ride their bikes to school.

The annual Junior Class trip to St. Louis again proved interesting, informative, and "invigorating." Concordia Publishing House, the Lutheran Building, head office of our Synod, and other important places were visited. Sleepless nights were spent at the Roosevelt, while other free time found students at Gaslight Square or generally wandering around the city.

Early in spring, the junior and senior classes piled into school buses and headed for Cedar Lake. After a few main instructions, they were given a full day of fun, relaxation, and a start on a suntan.

Bermudas of all colors and patterns adorned the halls of LHN on May 21. Sponsored by the Girls Service Club, Bermuda Day was planned as another fund raising project. Special buttons designated participation in the event.

A banquet is many things . . . pleasant surroundings . . . interesting speakers . . . original entertainment . . . the enjoyment of good company . . . a satisfying meal. On June 8, 1962, upperclassmen shared these and many other experiences at "Ebb Tide", the Junior-Senior Banquet.

For Juniors the Banquet culminated months of fund raising--a paper drive, class dues, a fun fair, and selling stuffed animals Bennie Beaver and Frustration. For seniors it marked their last social activity as a class and a farewell to high school life.

Mr. D. Offermann was the main speaker of the evening, and Senior Class President Paul Schwendemann served as master of ceremonies. Entertainment was supplied by Mr. G. Schroth, who presented a unique combination of music and comedy at the piano. The anticipation and excitement of this unforgettable evening in the Grand Ballroom of the Morrison Hotel proved to be a fitting climax to the year's activity.

Directing his thoughts to the past, pictures of Homecoming week-ends, senior passes, finals, sports victories, all-school parties, class trips, class rings, and graduation announcements flash across the mind of the senior. All these pictures fade as the Jr.-Sr. banquet, picnics, and final examinations culminate the year. June 13 arrives and the class of 1963 is graduated. Now the senior puts these thoughts behind him and fixes his attention to his future and the DIRECTIONS it holds for him.

A yearbook captures a school in action--in the classroom, at club meetings, and during sports events. Throughout the 1963 LOG, we have tried to achieve this effect and record an accurate history of the school-year. By doing this we, as a staff, have gained a sense of responsibility, worthwhile experience, and many memories. We would like to express our thanks to Mr. Ernie Rubak of the Norman King Company, Inc., Walinger Studios, Mr. Walter Hartkopf, Sponsor, and all those who patronized our book.

Dear Mike,

I never knew you last year but this year, I really got to know you good. Don't ever forget all the good times we've had together in Eaton or at your apartment. By the way, I left my key there last night. In all seriousness. I've really enjoyed your friendship and if Betty wasn't going with Ed I'd chase you for miles!

Amō tu, Mikeus.

Love + Kisses,
Marga

Mike,
I've really enjoyed getting to know you this year. It's been a lot of fun to be your partner. Maybe next year, we'll have some classes together. I hope I'll see you at the Christmas dance. I remember when I wanted to ask you to the Christmas dance I was just going to ask you when you came & told us she just asked you. Guess that were she beats. Don't forget me!

Love
Arlene (Martin)

P.S.

Dear Mike —
See ya out there next August — huh? Keep up the good singing — you make A Capella, Relax. Stay tough,
Lots of luck with
Betty

Mike,
I hope it's been as much fun for you as it has been for me. Good luck in your future years at LHN. OK! By the way I hope you enjoyed yourself when we went out in my "Ford." See you at "Football Practice"

Dear Mike,
English is dull without you
Maybe next year we'll have it together again.
Love,
Pam

Don

Mike,
I hope that it has been as much fun for you as it has been for me. See you in a Cappella next year?
God bless you.
Stan

MIKE IS A
~~FOOL~~ LLENS
HADE

Mike, you are a tough guy + a good football player
Best of luck,
Craig

Mike,
I've enjoyed knowing you these years at LHN. Good luck in the future years.
Always,
Mary
